SAFE

Much Property Out of Danger, But Fire May Revive.

MILL VALLEY, July 11.—Although the fire which has been devastating Mt. Tamalpais for the better part of the week, is practically under control at 3 o'clock this afternoon, there was no cessation of work on the part of the thousands of men and women who directly and indirectly have been fighting the flames. At noon today, however, it was possible for most of the fire-fighters to take a rest, and it is announced that while there is some flame and smoldering embers here and there, it is believed that the struggle has been concluded and the battle won by the people.

Battling frantically with leaping flames, under a scorching sun, soldiers, civilians and militiamen, re-united as fire-fighters, fought toward Larkspur caused grave fears and many are leaving the town. Mill Valley and Muir Woods are today practically safe, but a blaze creeping down the canyon toward Larkspur caused grave fears and many are leaving the town. This blaze started late yesterday afternoon, it is declared, from attempts at back-firing over which civilian fire-fighters lost control. Troops were dispatched at once to the scene of the blaze. The canyon fire, which threatened Mill Valley, is smoldering, but is practically under control. Only a high wind could lash it to fury again.

SOLDIERS OVERCOME.
Many soldiers fell yesterday during the grueling fight against the flames. Chaplain Randolph of the Sixth Infantry, improvised a hospital in the rooms of the Mill Valley Women's Club, and last night took his injured soldiers back to San Francisco, placing them in the Presidio hospital.

Private W. D. Case and seven other Sixteenth Infantry men were brought to Mill Valley in a serious condition from the heat. Dr. Owen Bucklin, working frantically among the men on Pine Ridge, was overcome and brought to Mill Valley unconscious. In addition to these the men taken to the Presidio hospital were:

Arvey, J. D., Co. 147, C. A. C.
Backer, E., Co. K, Sixteenth Infantry.
Cordes, August T., Co. D, Sixth Infantry.
Davis, John, Co. D, Sixth Infantry.
Elsperich, B. O. H., Co. E, Sixteenth Infantry.
Moore, H. D., Co. D, Sixth Infantry.
Newbecker, Louis, Co. 46, C. A. C.
Smith, Frank, Co. K, Sixteenth Infantry.
Tanner, Robert R., Co. E, Sixteenth Infantry.

Four Private officers turned a water bat brigade yesterday in Redwood Canyon, stopping a blaze there which might have done serious damage. The men were Major W. C. Bennett, Captain Henry Warren, Lieutenant J. E. Henshaw and Lieutenant J. E. Henshaw.

RUMANIAN ARMY
INVADES BULGARIA

Declaration of War May Stop Carnage In the Balkans.

BUCHAREST, July 11.—Rumanian troops occupied today the Bulgarian city of Silistria on the right bank of the Danube. They were not opposed by the Bulgarians. The Rumanian government decided today to notify the Bulgarian government that the Rumanian army would cross into Bulgarian territory and also that Rumania would take part in the discussion in the final partition of territories of what was formerly European Turkey.

Silistria is a very important point on the Danube and has been in existence as a city since the Roman era. Until the conclusion of the Russo-Turkish war in 1878 it had been for about 500 years the main bulwark of the Ottoman empire on its northern European frontier.

It sustained many sieges through the centuries and always offered a stout resistance. Even as late as the Crimean war it was able to defy bombardment by the Russians but after the last Russo-Turkish war the Turkish troops retired and left it to the hands of the Bulgarians. It has over 12,000 inhabitants, many of whom are Mohammedans.

PROTEST AGAINST DIVISION.
PARIS, July 11.—The Bulgarian legation here has received instructions from Sofia to protest as energetically as possible to the French government against the invasion of Bulgarian territory by Rumania.

SOFTIA, Bulgaria, July 11.—The Rumanian minister to Bulgaria, left his post today after notifying the Bulgarian government that the Rumanian army had crossed the Bulgarian frontier. Bulgaria has decided not to resist the invasion by the troops of her northern neighbor.

Bitumen Roll Throws Car Off of Tracks
A roll of bitumen, dropped across the East Sixteenth car tracks last night, was the cause of a peculiar mishap, when an Oakland-bound car left the tracks, crashing across the sidewalk and narrowly missing collision with a pole. No one was injured and the damage was nominal. The sidewalk was gasped by the car wheels.

The car had come about the corner at Fourteenth avenue when the accident took place. The bitumen had been dropped by workmen engaged in street work in the vicinity. Other cars, with ropes, pulled the street car back to the tracks and service was resumed. A fence was broken by the impact. The company will investigate the matter.

PLAN WOMEN'S POLICE DEPT.
FEMININE PROTECTION IS AIM

ASKING MAYOR MOTT TO APPOINT WOMEN POLICEMEN FOR OAKLAND. (LEFT TO RIGHT) MAYOR F. E. MOTT, COMMISSIONER E. H. S. ANDERSON, MISS BESSIE J. WOOD, MRS. GEORGE H. CRAWFORD, MISS BEATRICE MCCALL, COMMISSIONER JOHN FORRESTER, MRS. R. C. YOUNG, COMMISSIONER F. C. TURNER AND DR. MINORA E. KIBBE.

CITY OFFICIALS
AT CONFERENCE

Step Is Taken to Make Woman's Path Easier.

The committee of women from the Child's Welfare League, probation office, Civic Center and other women's organizations met Mayor Frank K. Mott and the city commissioners this morning in executive conference and gained the promise that their request for a special women's police department for the city of Oakland would be acceded to. The new department will be known as the protective department for women and children. The branch is to have police powers, but will be independent of the police department. It will have a chief and two women assistants. All the members of the committee will be under civil service regulations. "We will be independent of the police, but will co-operate with them," explained Mrs. George H. Crawford, chairman of the committee of women. "We are entirely satisfied with the result of our conference with the mayor and commissioners. They have promised that our plan will be adopted as far as possible and that changes in detail will be of a minor nature. We believe that a great step forward has been made today."

The conference was behind closed doors and was continued for several hours. It was attended by Mrs. Crawford, Dr. Minora E. Kibbe of the Civic Center, Mrs. R. C. Young of the Child's Welfare League and Miss Beatrice McCall of the probation office. Mayor Frank K. Mott, Commissioner of Public Health and Safety F. C. Turner and Commissioners H. S. Anderson and John Forrest represented the city.

BUDGET INVOLVED.
"We favor the plan suggested by the women," declared Mayor Frank K. Mott. "We are not sure at this time how far it can be carried out and will not be able to tell definitely about this until the budget is fixed."

The women desire to have a department that will have as its particular concern the affairs of women and children as they come in contact with the laws of the city, the police department.

TO SAVE HIS NECK

Legal Struggle of Years to Save Life of Remarkable Criminal Ends at Scaffold

Friends Up to Last Moment Sought Means of Preventing Death of Man Who Has Harried His Guards for Years

FROM MESSENGER BOY TO
MURDERER AND LIFE TERM

Starts career as messenger boy at 14 and soon afterward tried to kill his superintendent. Given a workhouse sentence. Released and immediately begins career of crime which shortly ends with arrest and sentence to prison for fifty years. Meets man who was witness against him at prison gate and murders him. Transferred from Folsom to San Quentin, where he attacked a guard and later a fellow prisoner, for which he was sentenced to death for "assault" under California state law. Sent to solitary confinement for fourteen years and while in cell Francisco Quijada, a prisoner awaiting execution on a death sentence, taps on wall warning him. Gets possession of old file and sharpens it on stones. Quijada passes his cell and quick as flash he is stabbed to heart. —Jake Oppenheimer's Record.

SACRAMENTO, July 11.—Jacob Oppenheimer, the "human tiger" of the California prisons, went to his death on the gallows at Folsom Prison at 10:30 o'clock this morning. The hangman's noose ended the fight that this desperate criminal has been waging through every court in the land for the past seven years to save his neck.

Oppenheimer's dying request was that the women of California keep up their fight for the abolishment of capital punishment. "If the men will only put their shoulders to the wheel as have the women, capital punishment—a relic of barbarism—will soon be stamped out in this state," declared Oppenheimer before mounting the gallows. "I want to thank all those, particularly the women, who have interested themselves in my behalf. I will not be the last to go before this practice is abolished, but I will be a martyr to the cause."

SUFFRAGETTE SHOT
STARTLES COMMONS

Tell of "Justice for Women" Accompanies Pistol Firing.

LONDON, July 11.—The report of a pistol fired from the strangers' gallery in the house of commons today accompanied by a yell of "Justice for women!" caused a panic among the members in session. Simultaneously with the report a shower of pamphlets rained down upon the members. They bore the printed words: "Votes for Women."

Two persons pointed out as the perpetrators of the outrage were hustled from the gallery and detained pending an investigation. It was discovered later that the pamphlets were thrown from the gallery by a number of toy mouse traps saturating the "cat and mouse act" reached the members wrapped in the pamphlets that were thrown from the gallery.

OAKLAND SURE OF
N. E. A. CONVENTION

Active Membership At Salt Lake Votes to Get Session.

That victory for Oakland in the fight for the N. E. A. and World's Congress of Education is practically assured was the message received this morning from Joseph E. Caine, managing director of the Commercial Club, who, from the present convention at Salt Lake City, wired that the active membership of the convention yesterday voted unanimously for this city. This, according to Caine's message, only needs the voted approval of the board of trustees, who will consider the matter Saturday.

Caine's wire is as follows: Gilbert C. Farley, Assistant Secretary Oakland Commercial Club: Active members of the N. E. A., in business session yesterday, voted unanimously in favor of the World's Congress of Education and N. E. A. convention for Oakland in 1915. This must still be affirmed by the board of trustees. This means Saturday morning. A complete victory seems certain. JOSEPH E. CAINE.

RUMANIA WARS ON BULGARIA

Troops Occupy City of Silistria
on Right Bank of
Danube

neighbor although she considers it an
unprecedented provocation.

MAY END CARNAGE.

LONDON, July 11.—The Rumanian
declaration of war on Bulgaria is ex-
pected here to assist in bringing to an
end the carnage in the Balkans, by forc-
ing speedy action on the part of the
powers who have been invited to inter-
vene.

The object of King Charles of Rumania
in assuming the part of a belligerent,
is to strengthen Rumania's claim to par-
ticipate in the ultimate sharing out of
territory in the Balkan peninsula. For
the present Rumania, it is thought, prob-
ably will content herself with occupying
the strip of Bulgarian territory from Tur-
kial on the Danube to Balchik on the
Black sea, including the city of Silis-
tria. She has coveted this for a long
time and it is believed she will accom-
plish her object under the privilege con-
ditions, without Bulgarian resistances.

GREEKS TAKE TOWN.

Greek troops today occupied Demir-
Hisar, thirteen miles northwest of Seres,
after a brilliant victory over the Bul-
garians, who had been in possession
since they won it from the Turks in the
recent war, according to an Exchange
Telegraph message despatched from Athens.

The Bulgarians fled, abandoning their
field guns, ammunition and provisions.
A telegram to the agency from Con-
stantinople says it is surrounded by the
newsmen that Ajidia, the town on the
Black sea, which was to form the eastern
end of the future frontier line be-
tween Bulgaria and Turkey, is in flames.

SERVIANS AND GREEKS VICTORS.

BELGRADE, July 11.—The Serbian and
Greek campaign against the Bulgarians
in Macedonia is regarded by the Ser-
bian military authorities as concluded
since the defeat of the Bulgarians in the
joined hands this morning with the
Greek forces which had just taken
Prizren.

PEACE PROSPECTS GOOD.

ST. PETERSBURG, July 11.—A dis-
tinctly hopeful view is expressed today
by the Russian press as to official cir-
cles in regard to the Balkan situation.
Peace is regarded generally as imminent
on account of the crippling of the Bul-
garian army and the severe losses sus-
tained by the Serbian. The Russian Red
Cross Society has decided not to send
any detachment to the front.

N. Tabarno, prominent publisher, died
today of heart disease after writing an ar-
ticle on the Balkan war. He was of
Montenegrin origin, and the emotion
caused by the stirring incidents of the
campaign is said to have brought about
his death.

CONTINUED WARM WEATHER, OUTLOOK

Absence of Fog Makes Dif-
ference in Coast Tem-
perature.

with the temperature still fairly high
for this region. At 5 o'clock this
morning the readings at the weather
bureau showed 64 degrees, and with
the sun well up on the horizon the
mercury began to climb steadily. The
absence of the usual fog on the Pa-
cific, with a cessation of the winds
which have been cooling, the tem-
perature is responsible for the present
warmth.

HOT TOMORROW.

G. H. Wilson, San Francisco fore-
caster in the absence of Professor
Alexander McAdie, declared this
morning that there would be a con-
tinuation of the heat. The outlook
is for warm weather tomorrow and it
is likely that the usual three days'
spell will prevail. The forecast for
Oakland, San Francisco and vicinity
and for the Sacramento, Santa Clara,
San Joaquin valleys, for the region
around Los Angeles and for Nevada is
for fair weather, with a continuation
of the warm spell. There is a light
north wind prevailing over the entire
state, which, however, will not bring
a very cool draught.

RAIN IN PLACE.

As far as the balance of the country
is concerned there is rain in Canada,
over Manitoba and in the upper Mis-
souri valley. In the Mississippi val-
ley and over the eastern portion of
the country the weather is fair, with
light rain in New England. The tem-
perature has fallen somewhat in the
Rocky mountain region. The maxi-
mum temperature for New York is
given as 82 degrees; Chicago, 66; St.
Louis, 84; Buffalo, 64; New Orleans,
80; and Denver, 92.

Charles Harris, an ironworker who
is employed on a building at Fifteenth
and San Pablo avenue, was overcome
by the heat this morning and re-
moved to the Receiving hospital,
where he was revived by Steward
Davison. Harris is 38 years of age
and resides in San Francisco at 2704
Polk street.

SACRAMENTO, 96.

SACRAMENTO, July 11.—The tem-
perature in Sacramento was 96 de-
grees at noon today—the hottest on
record so far this season.
Last night was the hottest night this
city has witnessed in forty years. The
lowest point touched by the thermom-
eters during the night was 78 degrees.
A dry north wind added to the dis-
comfort of last night, and continued
throughout today.

Thus far no prostrations have been
reported.

ment and with bad social conditions.
An attempt will be made to frame
remedial measures.

"In view of the thousands of women
and girls who will come here at the
time of the fair and who will be
without advisors or help and will con-
sequently be natural prey for the
white slaver and for other designing
persons," said one of the women, "it
is but right that the situation should
be carefully studied by persons who
naturally have a great sympathy for
women and a great desire to be of
help. We want to be ready to mini-
mize the chances of disaster to many

women who will be here unprotected
and in need of advice and assistance."
TO PROTECT WOMEN.

"It will be among the duties of the
women who are selected in this new
department to care for the women
witnesses who are called into the
courts and to protect them from being
bothered in the lobbies and interfered
with. Any women or girls who are
arrested will be the care of this de-
partment."

It is proposed to have a woman
chief of the department at about
\$1500 a year with two assistants at
\$1200. The women ask for an ap-
propriation of \$6000 a year. This will
include the salaries of the chief and
her two assistants, a stenographer,
office expenses and supplies. Quarters
will be provided in the new city hall
when the department is established.

WATCHMAN ARRESTED.

A 45-caliber revolver, with an eight-
inch barrel, of the "new model" of
1888, patent applied for, and loaded
with powder and ball and equipped
with percussion caps, is being held at
the central police station as evidence
against Max Snyder, arrested this
morning on a charge of exhibiting a
deadly weapon in a rude and threat-
ening manner. Snyder is a watchman
for the Pacific Gas and Electric Com-
pany. The complaining witness is E.
S. Hurley, a union man on strike.

PETITIONS ASK LAW'S ENACTMENT

Motor Vehicles Act Urged by
Stockton People; Many
Oppose.

(Continued From Page 1)

STOCKTON, July 11.—Stockton pe-
titions are being circulated to invoke
the enactment of assembly bill No.
2985 and simultaneously petitions are
being handed around in various cities
of the state, or will be before the sun
goes down this afternoon.

The bill in question deals with the
use, operation, registration and iden-
tification of motor vehicles and for the
payment of registration fees therefore,
etc.
This morning Assemblyman W. C.
Wall called the attention of local au-
tomobile men to the bill and pointed
out sections 7 and 8. Wall argues that
if the bill, which was approved by
Governor Johnson on May 31, ever
goes into effect it will cost the owners
of motorcycles and automobiles mil-

lions of dollars in taxes, and that
while it is proposed to spend the money
improving the highways of the
state, the bill is a great injustice to
automobilists and that he for one will
lend his time and energy to see that
it never goes into effect.

ACCUSED CONSPIRATOR
IS HELD FOR BAIL

BOSTON, July 11.—Frederick E.
Small, formerly of Everett, Mass., who
was brought here from Mayer, Ariz.,
yesterday, was held today in bail of
\$15,000 on the charge of conspiracy to
use the mails in a scheme to defraud
in connection with the manipulation of
the Brooklyn, Ariz., Mining Company,
of which he was president. A. Calvin
Crutcher, treasurer of the American
Securities Corporation, who was jointly
indicted with Small, is out on bail of
\$15,000.

It is alleged by postal inspectors that
at least \$500,000 was obtained in New
England in the alleged mail swindle.

FATHER OF TEACHER DIES

BERKELEY, July 11.—George Little
of Caldwell, Idaho died last evening at
243 Telegraph avenue, where he was
temporarily making his home. He was
the father of Mrs. E. L. Adams, a
teacher at Snell's seminary, and is sur-
vived also by a widow, Mrs. Flora Lit-
tle. The remains are to be shipped to
Caldwell for interment.

VICTIM OF BULLET
VISITED BY STORK

Mrs. Benjamin Craig, shot by her hus-
band, who attacked her and killed him-
self recently in a fit of despondency, to-
day became the mother of a girl baby.
The woman has only just recovered from
the effects of the shot.

This affair was one of the most tragic
in local police annals. The man, know-
ing that his wife was soon to be a
mother and fearing that he would not
properly support her and the child, at-
tempted to kill her, and then ended his
own life. The attack occurred in the
home of the couple at Fourteenth and
Myrtle streets.

Railroad Ship to Be

PANAMA, July 11.—A Panama rail-
road ship will be the first to pass
through the canal, according to the
latest plans of Colonel George W. Goethals.
He said today that water would
surely be let into the Culebra cut early
in October and that immediately at-
tendant dredges would enter it and
begin final work.

Mother Kills Self
When Child Drowns

CHICAGO, July 11.—An hour after
Mrs. Mary Schultz, a widow, had iden-
tified a body taken from the lake yester-
day as that of her daughter, Mabel,
the body of the mother was found on
the floor of her home. A bottle by
her side, partly filled with poison, in-
dicated that Mrs. Schultz had gone
from the morgue, purchased the poi-
son and committed suicide.

Her body was found by a policeman,
who went to the home to get further
information of the daughter's death.
Miss Schultz had been missing from
home since July 7.

GAS WORKER STRUCK
ON HEAD WITH BRICK

E. J. Ray, a gas worker employed by
the Pacific Gas and Electric Company,
was struck over the head with a brick
while working in a manhole at Six-
teenth street and Telegraph avenue
this noon. His partner, whose name
was not known, was also assaulted
and lost two teeth in the process. Ray
was run to St. Mary's hospital, where
he sustained a gun, but was later released.

At St. Mary's hospital, where
Ray was taken, it was learned that
he had been struck on the head with a
brick. He was at 111 Bond street.

FEWER ACCIDENTS AT ROAD CROSSINGS

SAN FRANCISCO, July 11.—Figures compiled in the executive offices of the Southern Pacific company here indicate that a small proportion of automobile accidents occur at railroad grade crossings. In all the states of the union for a period from April 1 to May 22 of this year out of 1,000 accidents only 114 occurred where wagon roads cross railroad tracks. The rest were away from the railroad crossings.

In California San Francisco heads the list of cities where auto accidents occurred during the period mentioned. From April 1 to May 22 there were thirty-one accidents there, twenty-nine in Los Angeles, five in San Jose, three in Stockton, four in Fresno, three in Escondido, eight in Sacramento and one each in other cities, bringing the total up to 104.

In Los Angeles eight fatalities were caused by the twenty-nine accidents; in San Francisco an equal number. In Los Angeles forty-seven people were slightly injured and in San Francisco seventeen. The only railroad grade crossing accidents on the Pacific coast, according to the statistics, were at Fresno and San Francisco, with one accident each.

INAUGURAL EVENT IN NEW DRY GOODS PALACE EMPLOYEES OF KAHN BROTHERS ENJOY DANCE

SCENE AT THE FIRST DANCE HELD IN KAHN'S NEW BUILDING LAST NIGHT, WHEN ALL OF THE EMPLOYEES OF THE POPULAR FIRM MADE MERRY.

With a dance tendered to the employees of Kahn Brothers by the board of managers of that establishment, the magnificent new dry goods store at the junction of Broadway and Telegraph which is nearly completed, was christened last evening. On the third floor of the handsome structure, which was decorated with American flags, the men and women employed by Kahn Brothers revelled under the brilliant lights which illuminated not only the entire building but cast their reflections upon the Broadway frontage of the edifice and brightened the entire block.

Four hundred attended the affair which was in the nature of a house-warming. An informal reception preceded the dance, which will be recorded in the historical annals of Kahn brothers.

The inaugural event could be likened unto one of the most fashionable social functions ever held in Alameda county. Informality was the keynote of the evening and good fellowship between employer and employee marked the affair.

The dance continued until midnight, when the jolly party disbanded. Through-

HEART REMOVED FROM HER BODY

Queer Provision In Will of Mrs. Frank Soule Is Carried Out.

With the heart removed from the body and the remains reduced to ashes through cremation this morning, a strange provision in the will of Adelaide Sherwood Soule, widow of the late Professor Frank Soule, of the University of California, has been carried out by the executrix, Mrs. Walter Manchester of Berkeley.

The will of the late Mrs. Soule, who died a week ago, was filed for probate last evening. It was dated 2511 Hillgate avenue, Berkeley, February 24, 1913, and was in part as follows:

"I direct that after apparent death my heart shall be removed from my body, my remains kept for seven days and then cremated.

"I direct that my domestic pets shall be chloroformed and afterwards immersed in water for 24 hours. I direct that this be done immediately after my death."

With the exception of distributing the estate, which amounts to about \$10,000, all the terms of the will have been carried out.

Those who are to share in the estate are Shirley Worden, a second cousin, of Seattle, \$500; to be paid to her husband, trade; Marion W. Johnson, a second cousin, of New York, the same amount for the same purpose; to D'Armand Soule, son of David and Elizabeth Soule, of Piedmont, \$500.

The remainder of the estate is to be distributed, one-fourth to Kathleen Soule, half-sister of her husband; one-fourth to the Oakland Society for Devotion of Cruelty to Animals, to be used in connection with the animals' shelter; and one-half to the sons of her husband, Beach and Douglas Soule, shared equally.

VOTE FOR REVISED BONDS, SAYS KELLY

School Board President Urges People to Come to Aid of Department.

Dr. A. S. Kelly, president of the Oakland board of education has issued the following statement on the bond question:

"There is one serious question and immediate need confronting the people of Oakland during the present difficulties which have arisen since the municipal bonds have failed of sale at an interest of 4-1/2 per cent and all work started under the various bond issues—that being the stoppage of work on the new school houses.

"The people of this city voted bonds for the erection of new school houses, voted bonds that the worst lack of proper accommodations for the school children of this city might be overcome, and sought to secure the best of education with dilatory tactics in starting work on these same school houses after the bonds were voted. The board of education endeavored to take temporary measures to guard against any delay after the commencement of the work and endeavored to give the people the very best schools possible for the money voted.

"The utmost care was exercised in seeing to it that no legal entanglements might arrest the progress of the work and the plans and specifications of the new school houses were prepared by some of the best authorities in school architecture. The board did its duty to the very best of its ability.

"Today all the work is stopped on the new school houses as a large amount of these bonds are unsold in the city treasury owing to the condition of the money market. Last year the attendance of the Oakland schools increased ten per cent and the indications for the coming year show a like increase. Temporary schools have been erected in all parts of the city to care for the increase and more temporary structures are contemplated. Such buildings are far from satisfactory and are a dead loss to the community for when their use is discontinued they are worthless save for old lumber.

"The new buildings stand partially constructed and the citizens of Oakland can well afford to pay a little additional interest on the bonds, sufficient to insure the sale of these bonds, and give proper accommodations to the children, chairman of the Oakland board of education and well-knowing the crying need for the completion of these buildings, urge every person in the city of Oakland to vote for the re-issuance of the bonds and empowering the city council to fix a rate of interest not to exceed 5-1/2 per cent as set for in the call for the election on July 22.

SCHOOL GROUNDS TO BE IMPROVED

Fruitvale Clubs Obtain Money for One, But want Two Play-Places.

FRUITVALE, July 11.—Having obtained the promise of the school department to equip the ground surrounding Sequoia school as a public playground, improvement clubs in Fruitvale are endeavoring to obtain improvements in Fruitvale school No. 1. A committee has been appointed to take up the matter with the educational authorities, and it is hoped to have the suggested improvements effected in a short time.

Grading and equipment of the Sequoia school ground as a playground call for the expenditure of several thousands of dollars, but the residents in this district consider that the benefit to the community from such a recreation park for the children justifies the expenditure.

GRASS FIRE BURNS OVER SEVERAL ACRES

FRUITVALE, July 11.—Homes in the Leona Heights district were threatened yesterday by a grass fire of unknown origin. The fire started in the dry grass and shrubbery in the hills back of Leona Heights quarry and burned over several acres of land owned by the Realty Syndicate.

Though several residences would catch fire, but the fire was held in check by two fire companies.

AUTO GOES INTO CURB TO AVOID MOTORCYCLE

Turning aside to avoid an approaching motorcycle this morning, C. R. Jones, a salesman, drove his automobile into the curb at East Sixteenth street and Fifteenth avenue. The machine was badly damaged. No one was hurt. Jones was turning the corner and did not see the smaller machine until it was directly in his path. The auto, in turning, narrowly missed a pole. The motorcycle rider, whose name was not learned, escaped unhurt.

EDITOR SPEAKS ON CHURCH WORK

Dr. J. A. Macdonald Heard At Meeting of Endeavorers.

LOS ANGELES, July 11.—The church controlled by the comfortable and well-to-do, is a futile instrument in the solution of the problems created by the relations of capital and labor. It is a conservator of vested interests and worships the god of things as they are, and until the church re-establishes Christ's principles of social relations, human and industrial justice must remain a mere figure of speech.

In substance, this was the declaration of Dr. J. A. Macdonald, editor of the Toronto, Ont., Globe, today in the principal address delivered before the General Assembly of the Christian Endeavor Convention.

STEFANSSON'S SHIP TO LEAVE FOR ARCTIC

NOME, Alaska, July 11.—Vilhjalmur Stefansson's polar exploring vessels will sail for the Arctic in about one week. Dogs are being purchased for the expedition. Scotty Allan, the well-known trainer and driver of racing dogs, acting in an advisory capacity, has been picked up also at East Cape, Siberia, and at Point Barrow. The Karluk party must complete its teams before it turns north in the Arctic to seek the Polar continent. If it is found it will contain no human inhabitants and therefore no dogs. The southern branch of the expedition will be in contact nearly all the time with Eskimo tribes that have an abundance of dogs.

REMAIN APPEARED.

With \$1000 in sight, the finance committee of the reception and banquet to be given to Secretary of the Navy Josephus Daniels, on the night of July 26, reported excellent progress at the second meeting in the Chamber of Commerce. With very little effort, according to Chairman M. J. Layman, the finance committee should have before the week is over enough funds to cover through the fair on a scale equal to similar entertainments that the cabinet officer will receive in other cities included in his itinerary.

VALIANOS IS JUDGED GUILTY OF LARCENY

Valianos, formerly official interpreter of the Greek language in the superior and police courts, was found guilty yesterday by a jury in Superior Judge William P. Lawlor's court on a charge of grand larceny. Valianos was accused of obtaining \$400 from a business representative that he could "fix" a police court case for that amount.

The jury returned its verdict after six hours' deliberation. Valianos waived time and was arraigned for judgment. A motion was then made for a new trial and the matter was continued to Monday for consideration and argument. The defendant was ordered into the custody of the sheriff.

The case was viewed as pathetic, inasmuch as Valianos has a wife and six small children. He was arrested on May 28 in the corridor outside Police Judge Shortall's court in the Hall of Justice, immediately after he had received marked money from Theodore P. Ellipoulos, for the purpose of getting a dismissal in the cases wherein Ellipoulos was charged with interfering with an officer and his friends, Constantine and Louis Zarcostas, were charged with selling liquor without a license. The money was marked by a detective.

Valianos pleaded not guilty and claimed he took the money to assist Ellipoulos to get a position in a cigarette manufactory.

OYSTER HELPS MANY TO EARN LIVELIHOOD

WASHINGTON, July 11.—Upwards of 800 persons were engaged in the oyster industry on the Pacific coast during 1935, the bureau of Fisheries announced today. The oyster industry during the year aggregated \$250,000, while the 213,778 bushels of oysters gathered during the year were valued at \$676,243. The figures given were for the states of California, Oregon and Washington.

TO STOP PRODUCE WASTE

PORTLAND, Ore., July 11.—Reports from the city garbage crematory that hundreds of tons of spoiled fruits and vegetables have been burned in the last few weeks as a result of over-crowding in the Portland market place occasioned the announcement today by City Commissioner Daly that he would at once work out a plan whereby produce arriving here when the market is overstocked can be sold at public auction on the streets.

Dry Maine Was Ready for Boozers; Sheriff Steps In

PORTLAND, Maine, July 11.—Summer vacationists and natives who had hoped that the dry spell in Maine was about to be broken received discouraging news today when big seizures of whisky were made in this city, Augusta and Bangor by county sheriffs.

Fifteen kegs of whisky were found hidden on Cushing's island, in Portland harbor.

Six hundred and twenty gallons of whisky sent from Louisville, Ky., was locked up in Bangor jail last night.

Sheriff Stevens of Kennebec county held up a motor furniture van last night and found seventy boxes in which were packed three thousand pints of whisky, bound from Boston to Augusta.

EXCURSIONS OVER OAKLAND AND A TO CADIZ

Next Week Steam Trains Will Be Used Until Trolley Is Completed.

Excursions over the Oakland & Antioch to Solano farms will begin next week, a month in advance of the opening of the line for regular service. The trolley system has not yet been installed, so steam trains will be used to accommodate the land company. The Oakland & Antioch runs for a dozen miles through the middle of the irrigation project and crosses its 240-acre reservoir.

Next Sunday the Solano county Eagles are going to inspect the farms en masse. A hundred automobiles have been engaged for the trip.

Mrs. A. B. Lemmon, heir of the Lemmon estate, who sold her holdings to the farm company, has repurchased for each 40 acres of the land that is now served by the irrigation system. This marks the beginning of the return of the old settlers to the soil that has been made immensely more productive by irrigation.

RAILROAD SUED UNDER TEXAS ANTI-TRUST LAW

AUSTIN, Tex., July 11.—Judgment for \$15,000,000 against the Missouri, Kansas & Texas railroad lines is asked in a suit filed in the District Court here.

Violation of the Texas anti-trust laws is alleged. The Missouri, Kansas & Texas of Kansas, the same corporation in Texas, the Dallas, Fort Worth and Southwestern Railway Company, the Dennison, Bonham and New Orleans Railway and the Texas Central Railway are made defendants.

The state charges that by its coalition with other roads, the Missouri, Kansas & Texas of Kansas has created a monopoly in Texas and has so routed passengers and freight as to compel their transportation over the controlled lines.

WILL INVESTIGATE OUR COAST INDUSTRIES

LOS ANGELES, July 11.—Fourteen directors of the Chamber of Commerce of the United States, including President Harry A. Wheeler of Chicago, arrived early today to investigate industrial and commercial conditions on the coast. The committee will remain here two days and will then go to San Francisco, and thence to Portland.

CONTRACT SIGNED FOR GREAT SHIP

Battleship "Number 39" Will Soon Begin to be a Reality.

WASHINGTON, July 11.—With the signing of the contract for the construction of the new battleship known as No. 39, work on the latest dreadnaught in the United States Navy will begin at once. Secretary Daniels has appended his signature to the plans for the vessel, which is to be a sister ship to the USS North Carolina, now building, and for which provision was made by Congress last year. The limit of cost, exclusive of armor and armament, will be \$7,455,000.

The vessel is to be built in the New York Navy Yard, and probably will represent, when completed, the most powerful ship of war afloat. The new addition to the navy will have a displacement of 34,000 tons, will be 900 feet long and up to 27 feet in breadth. A battery of 12 14-inch guns, with four submerged torpedo tubes, will comprise her principal armament. In addition there will be a number of small rapid-fire guns and rifles in position.

RIPON POSTMASTER REFUSES RESIGNATION

STOCKTON, July 11.—Given the alternative of devoting more time to his duties or resigning, J. S. Moulton, for 16 years postmaster at Ripon and a prosperous business man of this county, has refused to do either.

"I told them," declares the postmaster yesterday morning, "that I had given the people good service for 16 years, that they were well pleased with my efforts, and that I saw no reason for resigning. If the government doesn't want me here it can discharge me. I was appointed by the President and would like to serve out my term, which will end in 1918."

It seems that a postal inspector recently visited the Ripon postmaster and told him that it would be necessary for him to remain in the post-office during business hours. When Moulton protested, explaining that he had competent help in the office and that his presence was not daily required, the inspector declared the rules of the postal department did not comprehend such a condition and required all postmasters to put in their full time.

"NICK" IS HERO OF "YELLOW" LAWSUIT

Book and Film Firms Each Claim Right to Use of Name.

WASHINGTON, July 11.—"Nick Carter," the hero of many a "yellow back" novel and worshiped by three generations of small boys, is to be considered by the Supreme Court.

"Nick" was about to appear upon the moving picture stage when a New York firm of publishers claimed that Nick Carter was born in their imagination about 23 years ago and had risen to fame as a leading character in the detective stories.

A St. Louis moving picture film company believed that "Nick" was destined to be a drawing card and so they prepared and advertised a "detective" film with an attractive title. In their advertisement they declared "we have struck oil bosh."

The matter got into the courts. The New York firm claimed the moving picture company was infringing a trade-mark they possessed to "Nick Carter." After going through the Federal Court of Appeals for the eighth circuit the matter was appealed by the publishing concern to the Supreme Court.

SOLANO ATTRACTS NORWEGIAN COLONY

SAN FRANCISCO, July 11.—At the Lutheran synod two years ago the pastors, representing an organization of 50,000 members and a church with 2,500,000 in the United States and Canada, decided to establish a farmers' colony in the West, financed by wealthy members of the church.

Bishop L. C. Foss, Bishop O. P. Vangness, Bishop Jens Johnson of Minneapolis and the Rev. Dr. E. N. Stensrud began the search for a location that would fulfill every requirement. Land in California has finally rewarded the search. Two parcels, aggregating 3000 acres on the Solano irrigated farms tract, seem to meet all the requirements and a tentative selection of this land will be favorably reported. Part of the land chosen is already under the irrigation system and the remainder will receive water next year.

Bishop Foss and Bishop Vangness were shown over the property yesterday by A. J. Rich, who said:

"Should the Norwegian colony finally locate on Solano farms it will prove a great stroke for the settlement of California lands. The bishops were pleased with what we had to offer."

PRESIDENT LOSES HIMSELF IN WOODS

CHEATED COUNTRY OUT OF PENSION, HE DECLARES

BIG SANDY, Mont., July 11.—After having enjoyed a pension of \$12 per month for 16 years, John Truax of this town confessed yesterday that he never had been entitled to the money. After preliminary examination before a United States commissioner, he was bound over to the District Court.

Truax might have gone on drawing the pension until death had he not lately made application for an increase. This necessitated an examination of the record. It was discovered that there was a discrepancy between the age of John Truax and the man who had served under that name in the Union army during the war.

The investigation disclosed the original John Truax died in Mount Pleasant, Iowa, 31 years ago.

HOPKINS STREET CLUBS ASKS DELAY

Members Wants Further Information Regarding Fruitvale Water District

HAYWARD FORCES WAR ON SPEEDERS

Crusade Against Violation of Law More Aggressive Than Ever.

CLEAN ATHLETICS 'UP TO' PRINCIPALS

The Report to High School Teachers' Association Fives Responsibility.

PRITTYVALE JULY 11

Despite the fact that the mass meeting of citizens at the Prittyvale High school voted against the proposed municipal water district, the Hopkins Street Improvement club, one of the most influential organizations in this district, has decided to continue its efforts to secure the question until more information can be obtained on the water district.

CRUSADE AGAINST SPEEDERS

HAYWARD July 11.—The crusade against speeders continues to be waged as energetically as ever by Marshal Charles Schilling and Deputy Marshal Thomas Mendonca. The penalties too are becoming more severe and there is promise that speeding will be completely stamped out.

The following batch of motorists were arrested yesterday: E. H. Sherman, Ray Jones, Christian Christensen and William Panila. Jones forfeited bail of \$25 while Panila was found guilty of speeding by Judge Prosser and fined \$25.

Barefoot Burglar Given Twenty Years

George Ward, the "barefoot burglar," who escaped from Birmingham, Ala., after being sentenced to serve 30 years in the state penitentiary for robbing a store in Oakland, was sentenced to serve 20 years in Folsom prison by Superior Judge W. H. Harrison yesterday. Ward pleaded guilty to two charges, one of robbing the home of S. W. Hall, 1108 Oak street, for which he got 15 years, and the other for robbing the home of Mrs. Christina Egan, 514 Myrtle street, with a 5-year sentence attached. The terms are to run consecutively. Ward conducted his own case, refusing the services of an attorney. He said that he preferred to serve time to go into the Alcatraz penal mines.

PASTOR STAYS BACHELOR; CLUB ENJOYS TREAT

HAYWARD, July 11.—Members of Hayward Young Men's Club were treated yesterday by George Oakes Jr., a popular clubman as the result of a challenge between Oakes and Rev. Irving D. Thompson of the Methodist church. Hearing that Rev. Thompson was about to be married, Oakes inquired if it was the case that the person intended to form a bachelorhood. Rev. Thompson replied in the negative and as the clubman was still dubious, he parson challenged Oakes to stand ready to the members of the Young Men's Club. The rumored marriage did not come off and a week. The challenge was promptly taken up and as Rev. Thompson is still single, the club enjoyed a treat.

ASSEMBLYMAN WOULD PREVENT FISH LICENSES

Assemblyman J. W. Stuckenbruck of Acampo was a visitor at Oakland's commercial organization headquarters yesterday, distributing referendum petitions calling for an election to hold up the bill requiring all persons fishing in any part of the State to secure licenses. The bill was passed by both houses and signed by the Governor. Stuckenbruck declared it would discourage tourist travel.

CONTRA COSTA COUNTY VALUATIONS INCREASED

MARTINEZ July 11.—An increase of from \$31,220,000 to more than \$41,500,000 is noted in the 1913-14 assessment rolls which have been completed by Assessor George O. Meese. The increase is more than 12 per cent and is the largest in the history of the county. Including the operative roll and railroad assessment, the grand total of Contra Costa property is more than \$47,000,000. In the incorporated towns a big advance in value is noted. Martinez values: Pittsburg, \$751,455; Antioch, \$547,165; Concord, \$238,075; Pinole, \$158,075; and Hercules, \$652,715.

CALLS OUT DEPARTMENT

A piece of waste under an automobile driven by C. Weber catching fire at Thirteenth and Alce streets today, was the cause of a fire alarm. The blaze was extinguished without trouble. No damage was done.

Woman Drowns Her Two Stepchildren

NASHVILLE, Tenn., July 11.—Mrs. James Eates, wife of a farmer, who with Florence Eates, her 15-year-old daughter by a former marriage, was placed in jail at Union City, Tenn., yesterday, charged with murdering her two stepchildren, Ligon James, 11 years old, and Ida May Eates, 10, according to a dispatch from Union City.

Y. M. C. A. DONATES GYMNASIUM TO CITY

The use by members of the Oakland Police Department of the gymnasium and swimming tank of the Young Men's Christian Association will not be discontinued as a result of the expiration of the contract and the failure of the city to renew the contract for another year. It was announced yesterday that because the fiscal budget has not been made up and the city is under a financial stringency, the contract would not be renewed for the present.

WOMAN CHARGES LOAN FIRM WITH EXTORTION

SAN FRANCISCO, July 11.—Mrs. T. J. Manzo of 1786A Mason street applied to the bond and warrant clerk today for a warrant against the German-American Loan Company, with offices in the Pacific Building, which she charges with extorting 2 per cent a month the maximum interest on loans. The warrant has not yet been issued. Mrs. Manzo, who claims to have a sick husband and to have lost two of her six children during the year, borrowed \$75, she says, April 4, 1912, and asserts that she has paid back so far \$110 and that \$16 more is owing. She makes charges regarding alleged hardships suffered by her in dealing with the concern.

FUNERAL SERVICES FOR LATE MRS. AVELLA

ELMHURST, July 11.—The funeral took place this morning of Mrs. Anna Avella, a well known resident of Elmhurst, who died at her home, 2619 East Fourteenth street, after a protracted illness. Mrs. Avella, who was a native of California, leaves a husband and two children. Funeral services were held this morning at the Portuguese church in Oakland. Interment was in St. Mary's cemetery.

Demand Americans' Release

WASHINGTON, July 11.—Secretary Garrison today ordered Colonel Edwin P. Brewer of the Fourteenth Cavalry at Fort McIntosh, Texas, to demand the release of five Americans, together with 350 cattle and thirty horses, held by Mexican revolutionists at Hidalgo, Mexico. Secretary Bryan requested the action.

Havana Fears an Outbreak

HAVANA, Cuba, July 11.—Fear of popular excitement following the announcement of the indictment of General Ernesto Asbert, governor of Havana province, for homicide in connection with the death of General Armando Riva, chief of the Cuban national police, caused the government to take rigorous precautions against the possibility of an outbreak.

OBJECTS TO CHAPMAN AS ESTATE EXECUTOR

Antone Lee, former administrator in the estate of the late Jose Guadalupe Alvino, who loaned the Mexican government money to oust Maximilian fifty years ago, has filed petition for the removal of F. Y. Chapman as executor, charging fraud in his recent action of stipulating to a motion for non-suit. The estate has been in the courts for many years. Two sons of Jose Alvino also having died, Antone Lee objects that he has made invalid through the executor's action and asks that the non-suit be set aside.

WHIST TOURNAMENTS IN CASTRO VALLEY

HAYWARD July 11.—The Castro Valley Improvement club will hold another of its enjoyable series of whist tournaments tomorrow evening. Entertainment given by the popular Valley club are invariably successful, and with a number of valuable prizes to be won, the whist party should be well attended.

BUTTNER WILL FILE

MARTINEZ July 11.—The will of the late County Treasurer Louis N. Buttner, who died in San Francisco last Friday, was filed today with the County Clerk. It leaves an estate valued at about \$10,000, and the widow is made executrix without bonds. A Masonic past master jewel, according to the will, is to be given the first of his two sons to attain a master degree in the order. The sons are Edgar and Harold.

SAN JOSE, for a good cuisine and service.

Officers Will Take Charlton to Italy

NEW YORK, July 11.—The Italian consulate is advised that two agents of the Italian government are leaving Italy today for this country to get Porter Charlton and take him back to Italy to stand trial there for the murder of his wife on their honeymoon at Lake Como on June 7, 1910. The authorities of the Hudson county jail in Jersey City have been directed to turn the alleged murderer over to the Italian agents, in accordance with the recent mandate of the United States supreme court. Mrs. Charlton was the divorced wife of Neville H. Castle, a lawyer of San Francisco.

FOUR PITTSBURG HOMES DESTROYED BY FIRE

PITTSBURG, July 11.—Four cottages in the heart of the residence district of Pittsburg were burned this morning causing a loss of more than \$25,000. The fire started in the home of City Marshal James Pehey, and spread to the homes of Arthur McLean, Edward Smith and Frank Hurley.

PICKETING LAW BEFORE PEOPLE

**Richmond Unions File Petition
to Head Off New City
Ordinance.**

RICHMOND, July 11.—The

petition which has been circulated by the allied labor unions of this city to compel the city council to call an election in order to submit the proposition of the repeal of the anti-picketing ordinance to a vote of the people, was filed with City Clerk Paris yesterday afternoon. According to that official it contains 300 or more signatures. The clerk has checked up the names and compared them with the great register and states that there are enough bona fide citizens to compel the council to call the election.

The petitioners ask that the matter be submitted either at a special or general election. As the new law cannot under the present status go into effect until it has been passed upon by a vote of the citizens, it is not thought an election for that purpose will be especially called.

BOOSTERS AT RALLY PLAN ADVERTISING

E. J. GARRARD.

RICHMOND, July 11.—A meeting of the newly organized Commercial Club of the west side section of this city, formerly designated as Point Richmond, held a rousing big meeting last evening and plans were laid for a campaign of advertising, beautifying, building and attracting attention to this city in general and that section of it in particular.

A letter was read from the Commercial Club of Oakland pledging cooperation in the new Richmond booster body. The officers of this new club are: Chairman E. J. Garrard, president; D. E. Huntzinger, vice-president, O. S. Jackson, secretary, and J. Q. Black, treasurer. All are representative business men and amply capable of accomplishing results in most anything they undertake.

President Garrard is an old-time and prominent member of the city council and for years head of the construction department of the Standard Oil Company.

It was decided to at once get busy with the building of a new and large marina park at the base of the west side hills, to have lawns, flowers, trees, amusement features and a lake at the lower end for boating. President Garrard reported that the lot owners had been seen and that the details would soon be arranged for one of the finest parks around the bay.

A committee to work for better postal facilities, consisting of Ernest Weide, Julius Siefert and Alex. Elsie was appointed to work for that end in conjunction with Postmaster S. F. Jenkins.

The lighting committee, composed of Councilman J. B. Willis, W. B. Jenkins and R. L. Fernald, reported that arrangements were being made with the merchants for more brilliantly lighting the streets with electric signs and otherwise.

Five new members were added to the membership roll.

RICHMOND CITY COUNCIL MAY BE SOON ENJOINED

RICHMOND, July 11.—The right of the city council to enter into a contract to the extent of \$18,000 with the Garnewell Fire Alarm Company for the installation of a fire alarm and police signal service in this city is to be contested in the courts of the county, according to all present signs.

It cannot be definitely learned just who are the parties to test the legality of the contract with the alarm company, but H. H. Turley, well known auditor here, yesterday advised that he and another man made an abstract of all the proceedings held in the matter of the contract. Mr. Turley stated this morning that he did not know who the parties are behind the movement, but that he had been retained by Attorney E. W. Garrison to do the abstract work.

The contract for the fire alarm company for \$18,000 calls for payments scattered over a number of years, and it is said the constitutionality under the city charter will be attacked in the courts.

RICHMOND MAN JAILED FOR DESERTING FAMILY

RICHMOND, July 11.—The husband of Mrs. Francisco Delgado, who deserted his family at the Mexican peon camp of the Santa Fe here several days ago, leaving two children and his wife destitute, was located last evening. He passed through Richmond on a Santa Fe train, bound for Denver, in company with ten other contract laborers. The wife was at the station and saw him on the train, but he refused to notice her, so she got some of the other Mexicans to ascertain his destination.

Rev. Calfee, head of the Humane Society here, brought the unfortunate woman to Chief of Police Arnold, where through an interpreter it was learned that she and her children were in a pitiable plight. The chief had her swear out a complaint and then telegraphed ahead of the train to intercept the runaway, and he was brought back to Richmond yesterday. An example will be made of him and in the meantime the poor family are being provided for by many kindly people.

STANDARD OIL MAKING ADDITIONS TO CAPACITY

RICHMOND, July 11.—Ten additional refining stills, which have been in course of construction for some time at the local refinery of the Standard Oil Company, are now nearing completion and will shortly be ready for operation in conjunction with the other stills of the oil plant. The 10 stills are a part of the 25 stills the company plans to complete shortly and will give an added capacity of several thousand barrels of refined oil in the total daily output of the plant.

Work on the new compound filtering plant in the northern section of the refinery yards is also nearing completion, with the big filtering tanks in position, while other construction work on extensions of the plant is progressing with rapidity.

WOULD NOT MARRY WHILE SISTER ILL

**Bernice Maloney Loyal to Last
and Wedding Licence Be-
came Four Years Old**

A record was made yesterday in the county clerk's office of a marriage under a license issued four years ago to Alton Volquardsen of San Francisco and Bernice Maloney, Oakland. The love that Miss Maloney bears for an invalid sister was greater than her lover's wish for an immediate marriage, and for four years he has been carrying the license around with him in a wallet next to his heart.

Not long ago the invalid died, and Miss Maloney, feeling free, consented to an immediate marriage, which occurred a few days ago. Rev. Harvey M. Leech, pastor of the Fifth Lutheran church, Sixteenth and Grove streets, performing the ceremony. The couple will reside in San Francisco.

The license, issued in 1930, was brought to the county clerk's office several days ago by Volquardsen, who seemed much surprised that he would not have to take out a new license.

LAND OFFICIALS ARRESTED.

CALGARY, Alberta, July 11.—Eight officials in the Alberta government land office at Calgary were arrested yesterday following the disappearance of large sums of money during a period from 1904 to the present. The men are Harrison, Dalmage, Burdette, Phelps, Hardman, Morrison, Sawyer and William. They were charged with embezzlement.

MRS. TONSON, WHO KILLED HUSBAND, BETTER

RICHMOND, July 11.—The condition of Mrs. Josephine Tonson, who attempted to kill herself after shooting and killing her husband, is much improved today according to the report of the Ashcroft hospital and has a good chance now to recover, although for many days this was deemed impossible. In the event of her complete recovery the district attorney will at once proceed to have the woman arrested and tried for the murder of her husband.

One drawback to the recovery of Mrs. Tonson is that she now has nothing to live for and does not want to recover.

CEMENT WORKERS ARE STILL OUT ON STRIKE

RICHMOND, July 11.—Five men who were put to work yesterday by the Municipal Improvement company of San Francisco on the big job it has paying a number of Richmond streets, and over which the local cement workers went on strike last evening when informed that conditions were still unsettled. Other strike breakers were brought here but refused to go to work. Edward Hasey is in charge of the men and stated this morning that there will be no settlement of conditions until the demands of the cement workers are granted and the common laborers are returned to work at \$2.50 per day. There has been no demonstration whatever on the part of the striking workmen. At a meeting of the union in its temple last evening all the laborers who had been working on the job were taken into the union.

RICHMOND COMMISSION ON WATER DISCUSS PLANS

RICHMOND, July 11.—Further details in the plans of the Richmond Municipal Water District for the construction of a water system for this city and adjoining territory were discussed at the meeting of the water commission held in the city council chambers last evening. Routing of the lines which are to carry the water to the main sections of the distributing system of the new water supply was the principal matter under consideration.

The engineers of the commission have been collecting data on possible water supply sources and a partial report of their findings was submitted. A number of maps of the water system so far outlined by the commission and their engineers were examined. As soon as the commission is ready to submit its decision to the public for ratification the matter will go to vote.

M'COMBS MAY SOON LEAVE HOSPITAL

PARRIS, July 11.—So satisfactory is the progress made by William F. McCombs, chairman of the Democratic national committee, towards recovery from his recent operation for cancer of the prostate, that it is expected he will be able to leave the hospital in a few days.

LOST IN BLIZZARD CLIMBING MOUNTAIN

PORTLAND, Ore., July 11.—Clinton S. Smith and wife of Portland have been lost on the side of Mount St. Helens for a week. Accompanied by Randall S. Carroll and Miss Bertie Monroe of Portland, they started to climb the mountain last Thursday. A blizzard of snow and sleet, with heavy wind, caught them on the mountain side.

With great exertion Carroll and Miss Monroe reached Cougar last Tuesday. There he telephoned to his mother here, telling her of his safety and Miss Monroe's, but saying that the Smiths had been lost out on the mountain side and had not been found. He and Miss Monroe were exhausted and nearly frozen. Searching parties are on the trail.

GOING TO LOOM LARGELY AT FAIR

NEW YORK, July 11.—New York will be the only American city to make a snowing at the Panama-Pacific exposition if the plans presented to the board of estimate are carried out. By resolution it was decided to authorize the mayor to appoint a committee to take the matter under consideration.

Controller Prendergast said it had been suggested that New York make the only municipal exhibit to cover the entire field.

"How much will it cost?" said the board's watchdog, Borough President Miller. "No matter what it costs," said the mayor, "we must do it. We have a great city here, and we owe it as a duty to the rest of the nation to show what we are doing."

PORTLAND POLICE FORBID MEETINGS

Strikers and Sympathizers Prevented From Gathering in City Streets.

PORTLAND, Ore., July 11.—Mayor Albee last night instructed Chief of Police Clark to prevent strikers and their sympathizers from holding future gatherings in the streets about the canneries of the Oregon Packing Company, where I. W. W. agitators and Socialists have been holding all-day meetings for more than a week in sympathy with women workers of the plant who are on strike.

Another development tonight was the announcement from Salem by Governor West that he would come to Portland tomorrow and make a thorough investigation of the situation with a view, if possible, to bringing the strike to a close.

Three more arrests were made at the cannery today. Mrs. Anna Bayley, a forewoman, and Mrs. J. Rice and Miss Belle Collier, strikers, were taken into custody on charges of disorderly conduct following a clash between workwomen and agitators.

Noon time luncheon was served to the workers in the cannery and at closing time last evening squads of police guarded the departing women workers.

The cannery management last night announced that the plant would be closed down permanently next Saturday unless the strike should be settled before then.

BRILLIANT KIDS LATEST MENAGE

Dr. Grossman U. S. Educator Says Germs of Genius Breed Criminals.

WASHINGTON, July 11.—Children of exceptional mental brilliancy are even greater dangers to society than those defective or abnormally stupid. This is the conclusion of Dr. Maximilian P. E. Grossmann of the United States bureau of education, in a report made public today. The educational expert based his statement on the comprehensive study made in the schools of the United States.

"It is often the exceptionally bright child, or even the genius, whom we find on the wrong side," said Dr. Grossmann. "The stupid and weak-minded criminal is not so dangerous as the clever and intellectual criminal."

As a remedy for the uplift of misguided juveniles, Dr. Grossmann advocates united effort on the part of educators, medical men, social workers, charity organizations, welfare societies, juvenile courts, and other agencies. He declares in his report that all of the separate organizations are doing commendable work in this connection, but that joint action is necessary. He also advocates the passage of legislation giving the community the right to direct the educational training of every child.

G. A. R. DIRECTS LAST RITES FOR MAJOR THARP

SAN FRANCISCO, July 11.—The funeral of Major Joseph L. Tharp, Civil war veteran and old-time resident of San Francisco, whose death occurred Tuesday night, was held at 1 o'clock this afternoon from Red Men's hall, 240 Golden Gate avenue, under the charge of George H. Thomas Post, G. A. R.

Members of the military order of the Loyal Legion, as well as members of the Grand Army, joined in the services at the hall and accompanied the body to the cemetery.

Major Tharp was born in 1850, having served at one time as registrar of voters and having been active for years in Republican politics. He is survived by his widow and a daughter, Mrs. Edward E. Young.

MOTORCYCLIST BREAKS NECK, AS THREATENED

MACON, Ga., July 11.—Martin A. O'Brien, a local motorcyclist, was instantly killed here yesterday when the machine he rode in an amateur motorcycle race skidded from a slippery track and plunged through a fence into a wall. His neck was broken and his skull fractured by the impact. Several minutes before, at the same place in the course, he had been thrown from his motorcycle, but escaped with minor injuries. He immediately demanded another machine, declaring: "I'll win this race or break my neck."

OCEAN RATES NOT IN JURISDICTION

Railroad Commissioners Can Make Regulations Only Within Marine League.

SAN FRANCISCO, July 11.—In a decision of the Railroad Commission, made public yesterday, there was proclaimed for the first time that the state has not the right to fix the rates for commerce between its own ports when that commerce passes through a portion of the high seas.

The state has therefore been denied the right to regulate steamship rates. If the route of the ships traversed any portion of the high seas, upon which only national and international laws and regulations have been held to reign.

There was an injunction issued in 1893 forbidding the state to interfere in such cases. But the Railroad Commission believes that the Public Utilities Act gives it the right to regulate the steamship rates in question. Its decision applies only to the rates of steamships plying between ports in California to other

ports in California within the marine league.

The issue which called forth the decision arose upon the complaint of J. H. Miller and N. Donaldson against the Wilmington Transportation Company. Miller and Donaldson do business at Avalon, Santa Catalina Island. The steamship company operates ships between San Pedro on the mainland and Avalon. Both ports are in Los Angeles county. But Avalon is about twenty-seven miles from San Pedro, straight out in the high seas, which legally begin three miles from shore. The boats from San Pedro pass out of state waters in order to go from one port in the county to another port in the same county.

THREATENS TO TAKE PAPERS BY FORCE

SAN FRANCISCO, July 11.—After threatening to call in the United States marshal to prevent a witness for the Southern Pacific from leaving the courtroom with maps from which he gave testimony in the Kern county oil lands suit, W. N. Mills, special assistant to the attorney general, obtained possession of the papers and announced before Examiner Longley that the reports were "doctored" to agree with the testimony of former Southern Pacific witnesses.

By the maps to impeach the testimony of William White, chief clerk of the Associated Oil Company, Mr. Mills believes the prosecution has made one of its strongest points for the return of property valued at millions of dollars to the government.

White, Thursday, offered in evidence six blue print summaries of the work done with the oil wells in the Elk Hills country. There were three production charts and three logs compiled from daily reports of the activities with each well.

White objected to leaving the maps in the exhibits because of their bulk, but Mills insisted that he be allowed to examine them. White got possession of the maps from the examiner and had asserted they would not be turned over, when Mills threatened to impound them with the aid of a marshal.

According to Mills, he spent three days with his assistants examining the maps prepared by White. He asserted the maps were gross misrepresentations of the real conditions.

BIG RANCH IS SOLD: SAN FRANCISCAN BUYER

STOCKTON, July 11.—The Castle ranch, consisting of 1660 acres of rich land famous for its production of walnuts, and located just six miles north of this city on the Sacramento Stockton road, is sold to Charles Schlessinger of San Francisco. Joseph H. Rucker of San Francisco represented Schlessinger. The price paid for the property is said to be in the neighborhood of \$150,000.

This is the second time within six months that this ranch has changed hands.

H. U. Castle, former owner of the land, is one of the best known members of the San Joaquin valley.

BANDON CITIZENS DRIVE OUT EDITOR

Publisher of I. W. W. Told to Leave Town by Business Men.

BANDON, Ore., July 11.—Advice from Bandon, a small town near Coos Bay, last night as to the effect that 150 business men of that village, at a meeting last night, ordered Dr. Bailey Kay Leach, a massage doctor and editor of a local weekly publication called "Justice," to leave the town by 2 o'clock this afternoon. The committee brought Dr. Leach from his home and delivered the ultimatum amid cheers of the assembled business men. This action was due to the publication of an article for the "Justice" in which the World movement and an attack upon the business men of Marshfield, who recently deported four members of the organization.

After leaving the meeting the doctor declared he would not leave, whereupon the meeting reconvened and it was decided that all business houses should be closed and all business men be at the wharf to see that the doctor leaves the city.

IN DISPUTE, KILLS WIFE AND WOUNDS NEIGHBOR

ANADARKO, Okla., July 11.—D. A. Doddington, accused of the murder of his wife and the wounding seriously of a neighbor, Benjamin Robinson, is in jail here. In a dispute over the ownership of a six-foot row of beans at his home near Carnegie, Oklahoma, Doddington shot at Jones, one of his neighbors, killing Mrs. Doddington and another woman, Robinson. Jones was unhurt.

NEGRO LYNCHED FOR KILLING AN OFFICER

BLOUNTSTOWN, Fla., July 11.—A negro known as "Kid" Temper was taken from the jail here shortly after midnight last night by a mob and lynched.

The negro assisted another negro, who had killed a deputy sheriff of the neighborhood, to escape by giving him money and keeping him in hiding. The coroner's verdict was "death at the hands of unknown parties."

TO INSPECT PRISON

SAN FRANCISCO, July 11.—For the purpose of making a final report to the war department relative to the advisability of abandoning the Pacific branch of the United States military prison at Alcatraz and turning it over to the department of justice as a federal penitentiary for civilian offenders, Senator General Duffell will leave for Washington, D. C., in the afternoon.

INTRODUCING THE "PERFUME" BURGLARS

NEW YORK, July 11.—Detectives are baffled on the scentless trail of robbers who stole 140 packages of perfume, weighing about 1400 pounds and valued at about \$5000 from a downtown depot. Although several axes were found in the vicinity, it is believed the thieves backed up a truck to the depot late in the afternoon, just after the place had been closed, and loaded their booty. There was evidence that the robbers had slept in the depot until 1 o'clock in the morning, having set an alarm clock to wake them and then drove away. They also took \$14 in cash which represented a weekly baseball pool among the employees of the place.

SENATORS WILL GIVE WOMEN A HEARING

WASHINGTON, July 11.—Chairman Henry of the house committee on rules today told a delegation of women suffragists headed by Mrs. Helen Gardner, the author, that the committee would give them a hearing next December on the question of amending a committee or woman suffrage to the standing committee of the house.

The delegation included the wives of Senator Shafroth of Colorado and of Representative Baker of California. Ston of Illinois and Taylor of Colorado.

Early Opening of the Forest Fire Season.

The season for forest fires has opened early. For several days the east bay shore cities have been suffering from the unusual heat created by brush and forest fires which have been raging through the week on the flanks of Mount Tamalpais on the western shore of the bay. A large area of the northeastern part of the State and of the upper Sacramento valley has been similarly afflicted, owing to an outbreak of fire in the Plumas county forests. The forest rangers succeeded in extinguishing the latter before any serious damage was done to growing timber, as the fire started in and was almost wholly confined by the rangers to land already denuded of its merchantable timber by lumbermen, only a few hundred acres of the virgin forest being swept by the flames. In all probability most if not all of the consuming inroads of the fire was restricted to the young tree growth, and underbrush and fallen trunks of trees, without

are controlled early more benefit than loss is the general summing of the result. The real loss which follows an outbreak of fire in the forests, is when it gets a good grip and creates such intense heat that it withers every green growth ahead of it and licks it up like so much dry straw.

The Plumas forest fire was started through the careless burning by lumbermen of the brush and waste on the forest land which they had denuded of its merchantable timber. Forest fires due to that cause are growing much less common than formerly, as the forestry regulations require the disposition of such waste to be carried out under the direct supervision of trained forest rangers and a well-defined system of safety which has been carefully worked out as the result of experience. Besides, the private owners of timber lands have learned valuable lessons from the government foresters in the matter of the conservation of their property which they are applying as a measure of economy.

The brush and forest fire on the flanks of Mount Tamalpais, the heat from which is these days baking the atmosphere of the east bay shore cities is attributed to either the neglect of campers to extinguish a campfire or to the imprudence of a careless smoker in disposing of the stump of a cigarette or a cigar or the burning match with which either was lighted. Whatever the cause, the fire has swept over one of the most picturesque and attractive sections of virgin territory in the bay region and put in jeopardy many of the most beautiful homes and settlements in Marin county which cluster around the base of the mountain.

The changes of high school and lower university organization, as recommended by Professor Alexis F. Lange at the convention of the California High School Teachers' Association, is practically a plan to reorganize the school system in such manner as to make the years from the sixth in the grammar schools to the second in the university a distinct unit between the grammar schools below it and the university above it.

So far as this plan of fourteen grades furthers the pupils' self-development, which, if individual, is necessarily social, it is strongly to be endorsed, more especially if the curriculum is to be one of judicious elimination and substitution. The German "Gymnasium" is a well-trained parrot at the age of ten, and can quote Caesar at eleven, but the individual development under this forcing process is so perverted by resentment and bitterness that suicide is an all too common occurrence among school boys. In fact, so pronounced did this tendency become recently that parents seemed to realize the danger and made strong protest against the ever-increasing burden of "subjects."

If self-development is planned along lines of keener perceptions of ethical principles and the unfoldment of individual consciousness of their correct application, no exception can be taken to the proposed change, but if it is only intended to lengthen an already long curriculum with kindred subjects, then "qui bono?"

Bulgaria's Greed Brings Disaster.

Bulgaria was wholly responsible for the causus belli in her quarrel with her allies—Serbia and Greece—in the recent war with Turkey and it was she who struck the first blow which precipitated a war with them that has been fiercer and more sanguinary during the brief period it has been waged than the campaign against the armies of the Sublime Porte, which was, in many respects, a record-breaker in the history of international wars in Europe. Greed for territorial expansion and domination in the Balkan peninsula threatens to force Bulgaria to relinquish many of the more important fruits of the conquest of Turkish territory to which she was justly entitled and could have retained if faith had been kept with her allies. She under-rated the military power and capacity of the Greeks and Servians when she attempted to rob them of their legitimate share of the spoils of the Turkish war. Under a threat to co-operate with Serbia and Greece, Turkey has compelled Bulgaria to evacuate the positions occupied by her troops on the shore of the Sea of Marmora, and Roumania has declared war to curtail Bulgaria's sovereignty over conquered territory on the shores of the Black Sea. The Servian and Greek armies have likewise contracted the lines of her dominion in Macedonia by force of arms.

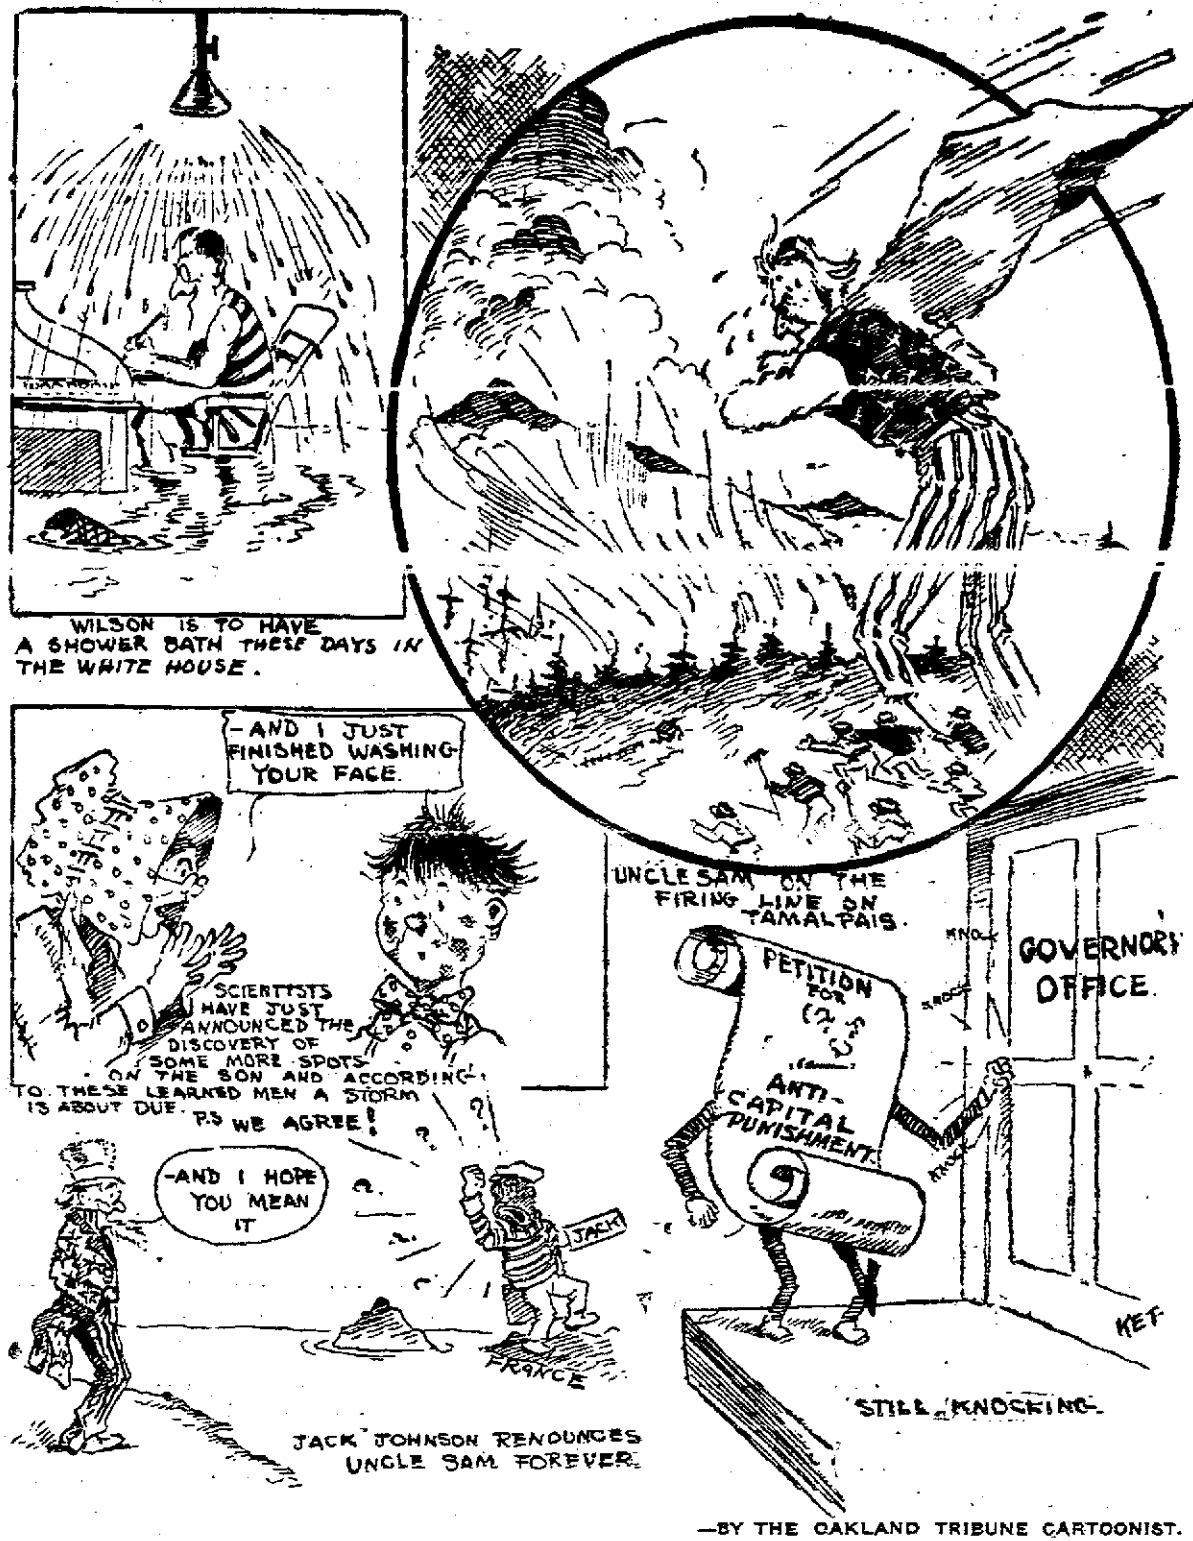

Thus harassed on all sides by the suicidal policy of making enemies of her best friends she is now appealing to the great powers to intervene in the interest of peace.

In the war with Turkey, the allied forces of Montenegro, Serbia, Greece and Bulgaria conquered territory containing approximately 32,000,000 acres and a population of nearly 4,000,000, which under the terms of peace with Turkey was ceded by the Sublime Porte. Under the terms of the treaty formed with Serbia before hostilities with Turkey were started, Bulgaria would have been entitled to something more than 64 per cent of these fruits of conquest had she lived up to her obligations during the war which Serbia alleges she failed to do. Hence the rupture between them.

An attempt to seize Salonika which the Greeks had captured from the Turks into an alliance with Serbia in a common front against Bulgaria's aggressions and territorial ambitions, have not only been successful in their resistance, but have also won the allies on Bulgaria and forced her to relinquish the line they had occupied and the peace she will doubtless be forced to accept.

The final settlement of the Balkan situation is the final settlement of the Balkan situation.

PASSING EVENTS

However serious may be Bulgaria's humiliation in the readjustment of international boundaries in the Balkan peninsula, she justly deserves it.

THE TRIBUNE takes pleasure in publishing the statement that Park Director James P. Edoff has promptly given assurance that there will be no further cause for complaint or criticism regarding the arrangement of the seats for visitors to the Sunday afternoon Lakeside Park Band Concerts for their greater comfort. Seats will be distributed on the lawns under the shade of the live-oaks growing in the neighborhood of the band stand. Of course, everybody understands that it is the policy and the aim of the Park Directors to popularize the concerts and contribute as much as possible to the comfort and enjoyment of those in attendance while the musical program is being carried out.

Judge Pugh, in the local police court of Washington, has handed down an ultimatum under the provisions of the new excise law, which indicates that he does not intend to show leniency toward bibulous wayfarers, whether clad in overalls or dress suits. A fine of ten dollars is to be imposed on every offender brought before him, and explanations are to be of no avail.

Defiant clubmen and men about town will probably feel no sentiment toward a judge who cannot discriminate between an aristocratic champagne jag and a plebeian pay-day drunk, but, if there is a difference, it is in favor of the man in overalls, who can often plead the force of example before the very judge who is trying him. A little more consistency between preaching and practice and a little more recognition of responsibility for example set by those who know better, would prove more effective than the longest temperance sermons and the most stringent "dry" legislation. The futility of the latter, for example, is evidenced by the fact that since the excise law under consideration went into effect in Washington, the number of intoxicated and near-intoxicated persons arrested has shown a most marked increase. The phenomenon is not explained, but man has always invented clever sophistry to excuse his self-indulgence, and it is fair to assume that when an explanation is forthcoming, the law itself will be blamed.

WOMAN'S WONDERFUL STYLES

Freedom, not to say anarchy, characterizes the feminine modes of the present. Any fabricator who has an idea can work it into a gown and pass off the creation as the extreme of the newest fashion. He is perfectly safe in doing so, since nobody has the slightest notion what the prevailing fashion is.

We read of the long and determined battling of the man milliners in the East over the modes of the autumn and winter, but we get a decidedly confused notion as to who won or what was won. The sunpocket, or general utility receptacle, appears to have survived a frontal attack and a turning of the flank as well. Likewise there is some reason to believe that the cuff is to adorn skirts as well as trousers hereafter, and the cutaway coat resembling the shell of a gorgeous beetle speaks for itself. But the latest bulletins from Paris indicate that skirts are now so thin that they no longer serve the purpose of skirts at all and their protective office has to be shared with tights. Evening gowns are the models for afternoon wear in the fields, and the license of the Directorate, which shocked and fascinated John Bull in the cartoons of the period, is being rapidly outdone.

Anyone who can get an adequate idea of what the styles are is perfectly free to do so. For our part, we are in the same boat into which the was thrust Bergson: "we don't know where we're going, but we're on our way."—Chicago Record-Herald.

TOLD OF LITERARY MEN

Tennyson, like Mrs. Browning, was careless regarding his manuscripts. Some weeks after leaving his lodgings in Mortmain place, Hampstead, he wrote from Boschurch, telling Coventry Patmore that he could not find his "book of elegies—a long, butchered, jagged book," and asked him to make inquiries. Patmore went to Mortmain place and, being allowed to search the poet's old room, found the book in a chest where Tennyson had kept his tea and bread and butter. It was the unpublished manuscript of "In Memoriam."

John Galsworthy, who was in London when the poet died, was told that the poet had been in the habit of writing his poems in a small notebook, which he carried with him everywhere. The notebook was found in a chest where Tennyson had kept his tea and bread and butter. It was the unpublished manuscript of "In Memoriam."

THE MOTHER

The truth is that the mother is the prophetess of tomorrow—the creator of tomorrow. Whether we are to have good or poor citizens depends upon—the mother. Whether we are to have a dull or an alert people depends upon—the mother. Let's be frank. We train animals with exquisite care for motherhood. How much care have we been giving the mothers of our race who bring to the sunlight of heaven immortal souls?

The theme is more important, after all, than the tariff, than currency reform, than peace, or war, than poverty or riches. The right kind of children will rightly solve all these problems. Trained, motherhood can produce within a very few generations a race of demigods. That is how important the subject appears to the thoughtful man.—Atlanta Constitution.

WITTY BITS

There's no use in locking the clubs after the privilege is gone.

FASHIONS IN NAMES

Fashions in feminine names last too long. A tyrannical majority of parents, urged on by novelists, have given us a surfeit of Betty and Peggy. Who is not thoroughly weary of both, associated though the former be with the sweetest of puddings? I seize the strategic moment to present the status of the excellent, durable, dignified, but neglected Maria. Too long has she kept sanctuary in the pages of early Victorian memoirs and diaries. The time is ripe for her reappearance, along with her buxom sisters Martha, Matilda, and the rest of that Edgeworthian family. When woman suffrage has become fashionable, it is time that daughters should be named Maria.

There is variety enough among the sisterhood or school of Maria to suit all tastes. Julia and Della have a sedate and studious sound; Susan is bustling domestic; Martha and Sarah are suitable for presidents of women's societies and Augustus a chairman of committees. Caroline plays a swift game of tennis and is a daring horsewoman.

With the reinstatement of Maria, et

also, had I my way, the banished maiden name should return to favor. A boy of unattached but deserving names would thus come at once into more frequent use, enriching our nomenclature. A few of these, it is true, belonging to no particular school, have managed for some time to hold their own against the monopoly of Betty and Peggy. Such is the classic Helen, and such the Saxon Edith. The character of many of these independent names which have never hardened into schools has become strong and full of personality, fit, indeed, to write in baptism with any of the noble gems of Maria. Occasionally these free-lance names "hunt in couples." Anna and Annie, though near relations, are not congenial. Anna has a touch-me-not air. Her clothes are too nice to be risked in any sort of romp or scramble. Anna will not speak until formally introduced. Annie, on the other hand, is affectionately patronized by her friends and is perfectly congenial.

And as an aunt she especially shines. If a school teacher she finds her desk covered with infant offerings of wake-robin and pussy-willow.—From Scribner's Magazine.

GOOD WORD FOR AUTOMOBILES

Massachusetts has 60,000 registered automobiles, which means one for each 55-group of inhabitants. That is not such a tremendous number, after all, but they are coming along fast, and by another year there may be one power wagon for each 50 persons. And in the years to come there will be little chance to repeat the lines: "The rich whiz about in automobiles, while the poor trudge along and dust their heels." Not one in 55 of Massachusetts' people is rich in the sense implied. Therefore there are many thousands poor people riding in the machines which whiz along the roads.

The making and using of autos has been boomed by the people more than any other industry of like nature ever known to man. In the old days before the autos came along there was not one horse and carriage for each group of 55 people even in this advanced commonwealth. That is evidence that the power wagons are forcing the way into more

general use among the poor as well as the rich than the horse-drawn vehicles ever did.

The auto stable is not yet the place of general public resort for a rig to use for the day or a few hours, as was the old heavy stable, but it is coming to that. There is more party riding and less single-fifth demand for the hire wagons, but the taxis are doing more business in proportion to the population than the hacks ever did. They are more expensive, but they do the business quicker, and the world moves faster on that account.

Power wagons are better than they were a few years ago, and people with smaller incomes own them in greater numbers, and legitimately, without regard to the rumor that "the autos are scattering the shingles of the homes all along the broad highways." That refers to the supposition of a few years ago that the possession of a machine meant the home was mortgaged to buy it.—Worcester (Mass.) Telegram.

Spring and Summer are quiet times in the Fur business. The manufacturers are willing to sacrifice profits. The benefit is yours. The result is that we present a rare opportunity to obtain Furs of high merit at wholesale prices.

When you inspect these Furs you will be bound to admit, with enthusiasm, that never before have you had the opportunity to buy such choice, up-to-the-moment Furs at such astoundingly low prices.

We believe you will see the biggest assortment of good, brand new Furs at the lowest prices within your experience.

While we have over \$35,000 worth to sell at the manufacturer's wholesale prices, we haven't every skin to every place; but if by chance we haven't your size in the Fur you select, we have skins enough to have it made up specially for you during the short season, and at the same wholesale price.

Tomorrow is your last opportunity to participate in this very remarkable midsummer sale of Furs. This sale has been eminently successful, because of the rare high quality of the Furs themselves, and the fact that we are offering them at wholesale prices during this slack Fur season. Remember, you do not have to pay but 25% on a Fur; we will hold them for you until December 1st.

You women of taste and appreciation of superior garments will feel

Not only are we offering these Furs at wholesale prices, but we have devised a selling plan of such advantage to you that every woman can avail herself of this opportunity, with a trifling outlay of money.

We will accept a deposit of 25% of the value of your purchase, store them free of all charge to you until December 1st, and the balance will not become payable until that date, unless the purchaser wishes to pay in full and have the Furs delivered during the intervening time.

Furthermore, any Fur Garment or separate Fur piece chosen during this sale that shows wear by any use will be returned that put in perfect condition and at no expense to you.

Included in the display are now being offered: Mink, Seal, Sheep, Squirrel, Rabbit, Fox, Lynx and Persian. Also, Sable, Fur, Ermine, Wolf, Cat, Beaver, and Muskrat. Also, (short-skinned) Mink and Seal, many styles, some of them with fur linings.

25% Deposit Will Hold Any Fur Garment or Set Until December 1951

Ever live back East?
Ever wear rubbers?
Ever wear a pair two seasons? No!
Because they ROT.
Same thing happens to rubber tubed player pianos, too.

We sell the genuine metal tubed Autopiano Player Piano—that's one of the reasons we sell twice as many Player Pianos as the rest of the Oakland stores combined.

Here are a few other reasons—
On account of our metal tubed players, we can guarantee a lifetime of service.

The only circulating library of 5000 music rolls.

The magnitude of forty retail stores and the Eilers little-profit-per-piano plan, enables you to get the best in the world cheaper than you can buy inferior makes or even the obsolete rubber-tubed player elsewhere.

Terms on Player-Pianos of two dollars per week. Select your Player-Piano today and if not convenient you do not pay anything down.

Bench and stool and 20 rolls of music free with library exchange privilege,
And, best of all, the "AUTOPIANO."

We are placing on sale our fourth car load of metal-tubed Autopiano Player Pianos in the last six weeks—Rather conclusive evidence in itself, eh?

See if this sounds fair enough—

You look at the best Player Pianos offered elsewhere regardless of price—Don't look at anything for less than \$700 and LOOK at it too and HEAR it (Keep an eye open for rubber tubes of course), then when you've seen the \$700 ones, come here and get a better Player Piano—better in tone and durability and better in the artistic rendering of your favorite selections for \$457; a saving of exactly \$243 and on terms of \$2.00 weekly.

We are not foolish enough to spend our good money advertising if we didn't have the article to more than make good with when you did come in, and we've made a pretty strong statement.

Think of quality---think of price---
then of both---then of Eilers---

MARTIN CLAIMS FASTEST RECORD

Aviators Fly in Big Contest
From Chicago; Make Good
Time.

CHICAGO, July 11.—Glenn L. Martin, after many delays, left Chicago in his hydro-aeroplane at 7:50 o'clock this morning on the 900-mile race around the lakes to Detroit. Martin, a Los Angeles flyer, was accompanied by Charles Day, also of Los Angeles.
He made a pretty start and took the air quickly. He planned to dip into the harbor at Michigan City, to touch at South Haven and to make Macatawa Beach over a course of 150 miles by night.

HAVENS LEAVES.
MACATAWA BAY, Mich., July 11.—Back with Havens left here at 5:30 o'clock this morning on his flight to Manistee. His departure was made easily. Francis also got away from South Haven early in the morning and he stopped here for a few minutes after Havens had left. Francis left here at 8:10 and proceeded north to catch Havens.

MICHIGAN CITY, Ind., July 11.—Glenn L. Martin, who left Chicago at 7:50 o'clock, carrying Charles Day in his machine. They ascended again at 9:45, headed for Macatawa Bay.

PLANES PASS PARK.
MUSKEGON, Mich., July 11.—Two of the flying boats, presumed to be the Havens-Vernplanck craft, and the Roy Francis boat, passed Lake Michigan Park early this afternoon. Neither made a stop here. The aviators were headed north and flying at high speed.

CLAIMS RECORD.
MACATAWA PARK, Mich., July 11.—Glenn Martin reached here at 11:35 a. m. He said he believed that he had broken all previous records. He expects to make Charlevoix without another stop. Both Havens and Francis were delayed at Pentwater.

SOCIETY DANCES? 'GIVE ME RAGS!'

When Nick Trebotich, shortly after his marriage to Ida Trebotich, which occurred on February 15 last, found his wife "rag dancing" in a hall at Fifth and Union streets and demanded that she go home with him, she replied, "I am the boss and I'll do as I please," according to his divorce complaint filed today.

"To — with society dances; give me the rag dance all the time," she replied to him one day when he proposed that she stay with his parents while he was away from home. "You don't take me to the dances that I like," she told her husband.

Besides the disagreements over the ways of pleasure, the couple quarreled over other family matters, plaintiff declaring that his wife did not have dinner ready for him when he returned home in the evening and that she had also allowed a strange man to kiss and hug her.

Owen F. Fisher filed suit today against Mary E. Fisher, alleging that she deserted him. The couple were married in Santa Rosa April 3, 1927, and have no children.

The wife and her mother and their four minor children is the complainant of J. J. Carruth who has filed suit for divorce against Ethel A. Carruth.

Sarah Viola Griffin alleges in her suit against Thomas F. Griffin of Berkeley that her husband has been throwing her down stairs and abusing her.

MEMORIZE THOSE DATES AND DON'T BE TOO LATE

**Little Mr. and Mrs. Stay-at-Home,
Keep Your Minds So That You
Can Act Now**

Thursday Afternoon, July 17th, AND
Friday Afternoon, July 18th.
Engrave those dates on your

stay-at-home. Memorize the days, whip up that lazy mind so that you can begin to realize what it all means. THE TRIBUNE is going to be

your host at two theater parties. You are under sixteen— And your folks take THE TRIBUNE— And you missed that big vacation, somehow. How's that? Yes, we thought you'd like it—that's why we fixed it all up. On the afternoons of the 17th and 18th you're all invited to the ORPHEUM THEATRE—and if you all can't get into the playhouse those days, THE TRIBUNE will make some more STAY-AT-HOME matinees, so that every kiddie in Oakland who's under the age limit, and whose homes see THE TRIBUNE every night and Sunday morning, can see a dandy show without cost. Just send to EDITOR TRIBUNE a little note asking for

seats—tell him the number of tickets you wish, the afternoon you prefer, and be sure to ENCLOSE A STAMPED AND Then, like a fairy tale, the magic wand is waved to and fro—and the tickets will appear in the mail a few days later. We think it's a pretty good idea. What do you think about it?

Leper Seen in Streets of Tacoma

TACOMA, Wash., July 11.—The police were informed late today that Dominik Pittori, the leper who recently escaped from the Diamond Point quarantine station, had been seen on the streets of this city. Pittori, whose disease has progressed to the point that it is contagious, according to the Diamond Point medical member, was recognized by C. H. Crutcher, who has known him a number of years.

ALBANY IMPROVERS ELECT OFFICERS

ALBANY, N. Y., July 11.—Fifty members of the Albany Improvement club, last night in the Macabee hall, elected the following officers for the ensuing year: President, R. L. Davis; vice-president, E. T. Sallor; secretary, F. F. Brown; treasurer, J. Lindquist; board of trustees, D. Woodbury, H. A. Clark, S. B. Marsh and J. Gluner.

Its convenience to the retail business center of Oakland makes Pig and Whistles' parlor a delightful place for shoppers. Nothing about the bay can quite compare with it.

Professor Howard Dies in Los Angeles

LOS ANGELES, July 11.—Bert Howard, professor of political science at Stanford University, died at his home here last night. Professor Howard had been in poor health for several months, but had been active in the pursuit of duty until a few days ago.

Professor Howard was recognized internationally as an authority on political science and was the author of several text-books now in common use in the universities of America and Europe. Formerly he was a pastor of the Presbyterian church. He is survived by a widow and three children.

GIRL NEARLY DIES IN GAS FILLED ROOM

Lillian Tuttle, a 19-year-old girl living at 525 Twenty-ninth street went to bed shortly after 3 o'clock yesterday afternoon and was found unconscious from gas asphyxiation some time later by other members of the family. It was said that a leaky gas jet had caused her condition. She was taken to the receiving hospital in the police ambulance and attended by Dr. A. C. Smith and Steward Emley, with the result that she was able to return to her home this morning.

VIOLENT STORM AND COLD WAVE VISIT ITALY

'DEATH CURVE' HAS MET DOOM

S. P. Berkeley Lines Now Run
Over New Cedar Street
Cutoff.

Four Tracks for Steam and
Electric Cars Are
Provided.

Eliminating the so-called "death curve" cutting out three street crossings by passing over a private right-of-way and increasing safety and speed in running time, the Southern Pacific's Berkeley lines today ran for the first time over the new Cedar street cutoff to the Oakland mode. The new cutoff, which is a series of tracks laid on new made land on the water front, from the foot of Ninth street, will not only relieve Berkeley local trains, but also main line trains. There are four tracks on the cutoff, two for electric and two for steam trains. The new cutoff, together with the elevated line at Sixteenth street station, has cost the Southern Pacific company in the neighborhood of three-quarters of a million dollars. Eliminating street crossings and a large distance heretofore traversed, it will make an appreciable difference in the running time of the local trains, and will insure absolute safety from accidents, where, in the past, several casualties have taken place. The new cutoff was planned some time ago, when work on the tide lands of the Southern Pacific was started. At this time it was seen that the cutoff would greatly facilitate running of trains, and the Southern Pacific engineers proceeded at once with the plans for the construction. This morning's inauguration of the service is regarded by the railway men as a large step in the progress of interurban service on the east side of the bay.

'HUMAN FLY' HAS FUN WITH CROWD

Steeplejack Flirts With Blue
Sky, On Top of
Flagpole.

Steeplejack J. Raney had the time of his life on top of the Security Bank building flagpole this morning. Incidentally he furnished many thrills and much excitement to a quickly gathering crowd in the vicinity of Eleventh and Broadway. Raney was delegated to paint the flagpole and this morning at 10 o'clock, with all the implements of his trade, he quickly climbed the long, slender thread of wood and sat astride the globe, on top. The crowd below him, many feet below him, and determined to entertain them with a few tricks always kept on hand by steeplejacks. First of all, holding the small ball of paint in his teeth, he began to work. Raney, who had been hanging in his arm, it was a trick requiring skill and daring, yet with all the pole of a vaudeville performer. Raney blew a kiss to the gaping women below and waved his arm happily toward the men. Believing in giving his audience a good performance while he was there, the daring painter lighted a cigarette and began swinging back and forth like a pendulum—the thin pole oscillating dangerously while. As suddenly as he had begun his antics, however, he stopped them and began his work seriously. As he "shinned" down the pole he dabbed. It only required a few minutes to complete his task.

MRS. McCLAGHRY NOW FREE HUSBAND IS GIVEN FORTUNE

Over \$250,000 Said
to Have Finally Been
Agreed On

No Gas, No Bath—Why?

"Mack's" Saving Coin

"At our home in Santa Monica we had an instantaneous water heater for the bath and wash basins. It is a fact that the other members of the family were not allowed to turn on this heater oftener than once a week. Mr. McClaghry used the hot water each morning for his shaving. The others of us could take a bath but once a week. He said the gas cost too much. If I wanted a bath during the week I had to get the cook to provide me water from the kettle on the stove."

"On one occasion when we were living in Berkeley and had guests I served cocktails for dinner. He came in after they had been placed on the table and immediately declared that he would not permit anything of that kind in his house. After he had scolded awhile he seized one of the cocktails and drank it. Mrs. Norris was present."

Anita Baldwin McClaghry, heiress to \$10,000,000 from the estate of her father, the late E. J. (Lucky) Baldwin, was granted an interlocutory decree of divorce from her husband, Hull McClaghry, by Superior Judge T. W. Harris yesterday afternoon after a brief court session, which concluded a settlement between the couple made through stipulation between attorneys out of court.

By the terms of this agreement it was admitted by attorneys that McClaghry had received a cash payment of at least \$250,000, and probably more. The would not give the exact amount, but said that the McClaghrys permitted his wife to obtain her decree without a contest.

As to the children—Dextra, aged 11, and Baldwin, aged 9—over whose custody the differences between the couple came to an open breach last May, when the father "kidnaped" them and took them to his ranch near Galt. It is provided in the interlocutory decree that neither shall have exclusive custody, but that the boy and girl shall be permitted to spend an equal amount of their time with their parents when it does not interfere with their schooling. In this particular it is understood that the children shall be placed in some private school where both the father and mother can visit them at stated intervals, while their vacations will be apportioned.

FRIENDS WERE PRESENT

Mrs. McClaghry accompanied by her physician, Dr. Z. T. Malaby of Pasadena; Postmaster Arthur G. Fisk of San Francisco, his sister, Mrs. Mary Norris, and two detectives, drove up to the courthouse shortly after 3 o'clock in a large automobile. The plaintiff was dressed in black and wore an ostrich feather boa, with black hat and feathers. A string of large pearls hung about her neck, being the only jewelry displayed. The party hurried into the courtroom, where they were seated in the section provided for spectators, awaiting the calling of the case. Mrs. McClaghry was preceded by her attorneys, Stanley Moore, Gavin McNab and Walter Rothchild, the latter from the office of Garrett McEnerney.

McClaghry did not appear in court, being represented by John F. Bowie, local plaintiff was Charles S. Wheeler. The case had been assigned to department two, presided over by Judge Fred W. H. Waste, but before the trial it was transferred to department one and heard by Superior Judge Harris.

Great care had been taken by Mrs. McClaghry to avoid publicity in the hearing of her case. The attorneys had quietly arranged for the trial yesterday morning, with efforts of secrecy. Before entering the courtroom the automobile was seen several times rounding corners in the vicinity and twice went around the block while the detectives kept a sharp lookout for photographers.

MALABY ON STAND

Opening the proceedings of the trial, Attorney Stanley Moore called Dr. Malaby to the stand as first witness. He laid the foundation of substantiating the plaintiff's charges of cruelty by testifying of her nervous afflictions during 1911, when she was afflicted with the shingles, stating that she had the disease for a period of three months and that the treatment of her husband had been directly responsible for her condition. "What was her manner and demeanor in the presence of her husband?" asked Attorney Moore. "Quiet and subdued," was the physician's reply. "What was his attitude?" "Patient and unobtrusive," said Dr. Malaby.

Dr. Malaby then related, under questioning, his interest in the family difficulties which grew out of his friendship for the couple. He said that he had talked with McClaghry in a Los Angeles hotel on one occasion when he had left his wife and that McClaghry admitted to him that he had "not been all that a husband should be, but that if his wife would leave him he would try and do better."

MR. AND MRS. HULL McCLAGHRY, WHO WERE DIVORCED IN THIS CITY YESTERDAY.

MRS. HULL McCLAGHRY

was getting along she said that he had not improved his bearing about the house.

THE "A" IN ALLIGATOR

"On one occasion when we had all been asked out to dine, Mrs. McClaghry ordered alligator steaks from the menu. Her husband spoke to her in a cross voice and told her that she did not pronounce alligator correctly." The witness then pronounced the name with a soft "a," as in park. "Another time when we were invited out, Mrs. McClaghry did not arrive with her husband. I asked him the reason for her absence and he told me that she had purchased a picture for the home that day and that she had criticised it adversely and that she had gone into a 'crying spell.'"

Asked what he thought of the couple ever getting along together, the witness replied that McClaghry's disposition would disqualify him from ever living with his wife.

That concluded Dr. Malaby's testimony. Attorney Moore then made his defense said: "No cross-examination."

MRS. McCLAGHRY HEARD

Mrs. McClaghry was then called to the stand. She walked up the aisle with firm step and took her seat in the witness chair, seeming at great composure, although she appeared slightly careworn and pale. Her answers were in a subdued voice that made it necessary for spectators to lean forward in order to catch her words. Her replies were prompt and to the point, she seldom going beyond the purport of the question in her answers or offering additional explanation of her replies.

Penurious traits of her husband's character which she had found during her 12 years' living with him as his wife formed the gist of her testimony.

While they were living in Santa Monica, McClaghry appeared to have mapped out a complete course of persecution, which included meddling with everything in the household from the buying of prunes for the breakfast table to the number of baths the wife and children were to have each week. Her story of their marital difficulties, which extended over a period of years since her father's death in 1902, was told in a simple, straightforward manner, and was marked by a knowledge of cooking and other household duties.

This is the story as told by the witness in broken sentences to the questions of her attorney:

"My name is Anita Baldwin McClaghry, 36 years of age. I have two children—Dextra, aged 12, and Baldwin, aged 9 years. After our marriage, which took place in Carson City, Nev., in October, 1900, we lived at 405 Fifth street, San Francisco. Our differences commenced about that time and were caused over my efforts at learning to cook from a cook book. At the time my daughter was born we had some words about the employment of a nurse and it was finally decided to have none. "It seemed that nothing I did was

tears when the bill came in the first of the month. My husband was receiving \$250 per month as assistant postmaster of San Francisco. Our bills amounted to about half of that sum."

There were ever fault-finding or scolding after the bills came in. "I was called Attorney Moore," said the witness. "Yes, he used to follow me from room to room, and even at times into the bathroom. The last time was in Pasadena, when he followed me about and scolded."

boushould that wasn't absolutely necessary. One time the maid served stewed tomatoes and my husband criticised her because she did not serve crackers. He said she had not made a big fuss. As a result the maid left."

"Another time I had invited some company to dinner. I ordered a bottle of cocktails from the store. We served them at the table and when he saw them my husband told me never to let it occur again. "What do you mean by this? We shall have no more liquor in this house," but he drank his just the same."

"One morning we had stewed prunes for breakfast. I was paying 20 cents per pound for them and got the best. He said that he could get the best prunes in the market for 10 or 12 cents."

"While we were living at Santa Monica we had an instantaneous gas heater for the hot water. My husband gave orders that it was not to be lighted more than once a week, but he used it every morning to shave. I had to send out my maid to the Chinaman next door to get a 'kettle' of hot water when I wanted some. I gave the children a bath once a week. Since we moved south things have been growing worse. In the fall of 1911 my husband made a trip into Old Mexico upon advice of our physician, who said it would be well for him to leave me for a time, for the reason that his constant nagging had run me down."

"On his return I went to the station to meet him and while riding from Los Angeles to Santa Monica he fussed all the way home."

"One Sunday I was reading a newspaper trying to forget my troubles for a while. He came up to me and snatched the paper away and abused me. Often he would burst into profanity and I would be forced to leave the room. He went to the Johnathan Club to live. One Saturday I went to my office to attend to some business and to my surprise found my husband there. I asked him what he was doing there and he replied that if I didn't take him back he would shoot himself." So I took him back.

"Since last September we have not lived together."

"Do you think that you would be able to live with your husband again?" asked Attorney Moore.

"Yes," replied Mrs. McClaghry, and she was then dismissed from the stand after the defense replied that there would be no cross-examination.

ASKS FOR DIVORCE

"We ask that a divorce be granted on the showing made," said Attorney Moore to the court. Attorney Bowie stated that he would make no further showing, that the stipulation was signed with the doctor and filed in court.

WIND, RAIN AND HAIL CAUSE DAMAGE UNUSUAL

Crops Destroyed and Peasants
Compelled to Leave
Huts.

Hurricanes, With Earthquake
Rumbblings, Terrify Residents Around Cosenza.

ROME, July 11.—A terrific storm is raging throughout Italy and in many places the country has been devastated and the crops destroyed. It is accompanied by remarkably cold weather for this time of year, the temperature in Rome today falling below 60 degrees Fahrenheit. Such weather in the middle of July has not been recorded in Italy since the year 1813, when superstitious persons attributed it to the repetition of the number 13.

SNOWING IN ALPS.
NAPLES, July 11.—Extraordinary falls of rain and hail have flooded the surrounding country the last two days. The torrents of water mixed with mud and ashes from Vesuvius have inundated the villages along the gulf of Turin. Owing to a strong cold wind from the north, accompanied by hurricanes, the temperature today fell almost to freezing point. Snow is reported to have fallen in the Alps.

FLOODS IN MESSINA.
MESSINA, July 11.—A violent tempest in the vicinity of the strait of Messina has caused enormous damage in this region. Crops have been destroyed and floods have compelled the population to leave the huts in which they have been living since the great earthquake of a few years ago.

HURRICANES, TOO.
COSENZA, Italy, July 11.—Hurricanes, accompanied by slight rain, quake shocks and underground rumblings, have terrified the peasants in this region for the last two days. This is especially the case in the isolated mountain villages, where the people not recovered from the fright caused by the earthquake which occurred at the end of June.

POPE REMAINS INDOORS.
ROME, July 11.—The Pope's physicians today advised him to remain in his apartments and to walk in the gardens of the Vatican owing to the violence of the storm and the heavy rain. His holiness continues perfectly well.

REBELS MAY HAVE CAPTURED STEAMER

Fear Jason's Cargo of
Bullion is in Mexican
Hands.

SAN DIEGO, July 11.—Fears for the safety of the Norwegian steamer Jason are being entertained by the charterers of the vessel, J. J. Jensen & Co. of San Francisco, according to advice received here. The Jason sailed from the North port June 16, and from Mazatlan for Guaymas, June 28. Operators at the navy wireless station at Point Loma said last night that they had received no message from Captain Larsen, reporting the Jason's position and the people have been unable to get in communication with the ship. It is reported that rebels have been operating in the Gulf of California equipped with a rapid-fire gun, and that the Jason has fallen into their hands. The steamer flies the Norwegian flag, but the fact that it is a Norwegian vessel owned by a Norwegian company, and that it is carrying a large amount of bullion north each voyage may have tempted the rebels to seize the craft. Fears are also entertained for the safety of the steamer Benito Juarez, which sailed from Mazatlan yesterday, bound for this port. The Benito's schedule calls for a stop at Guaymas and it usually carries a heavy shipment of gold.

been the outcome of a sudden rise to wealth and opposition through the death of a California pioneer. When "Lucky" Baldwin died it was believed that his estate would not appraise at more than five or six million. The rapid growth in the southern part of the state and the increase in value of lands held by the famous homestead brought the total valuation up to \$25,000,000 within a few years. The estate Mrs. McClaghry shared about equally with her sister, Clara Baldwin Stocker, while other members of the family received smaller portions. A number of claimants to a share in the estate appeared and made contest in the Los Angeles courts, but lost.

Police Accused of Stopping

Matter to Be Brought Up At
Meeting of the Police
Commissioners.

SAN FRANCISCO, July 11.—Harry
Flannery, former police commissioner,
sue owner and capitalist of this city,
registered a vigorous complaint against
activity of the police in and about the
ferry building in preventing solicitors
from obtaining signatures to a petition

a m. Moreover, Flannery promises to
bring the matter to the attention of the
board of police commissioners at its next
session and an investigation is likely to
be made.

Policeman Fred Norman, detailed at the
ferry building, ejected a citizen who was
approaching commuters in and about the
waiting room and was stopping almost
everyone in sight. Norman ordered him
off the state property and he was forced
to go. At midnight Flannery communi-
cated with the harbor police and reported
to Acting Lieutenant Reavis that Officer
Norman had exceeded his authority. To-
day Captain Bernard McManus, in charge
of the district, began an inquiry.

There is a great deal of feeling among
the proprietors of the larger cafes and
saloons against the 2 o'clock closing or-
der. Flannery owns the Richelieu saloon
at the corner of the junction of Geary,
Market and Third streets, which for a
score of years has done a rushing all-
night business.

SUES FOR \$15,408.

Suit for \$15,408 alleged damages
was filed against the Idora Park Com-
pany today by James B. George, who
sets forth that on July 14, 1912, he
sustained a broken left hip while rid-
ing on the "Social Whirl" at the park.

It is suggested that the practice of
requiring butchers and slaughter house
owners to pay a fee for inspection ser-
vice be discontinued as soon as possible,
and that the city assume the entire re-
sponsibility for maintaining this service.
It is believed that in making this change
the operation of the meat inspection sys-
tem could be made more efficient and
prove more satisfactory to all parties con-
cerned. The citizens of this community
are the sole beneficiaries of this meat in-
spection service, and the funds required
for maintaining such inspection should
be derived through taxation, as is pro-
vided in the case of other public services
along various lines.

IS FORMALLY FIXED

Final passage was given the resolutions
calling for fixing the date of the propo-
sed bond election by the city council
this morning on the motion of Com-
missioner Harry S. Anderson. The date
has been fixed for July 22, when the
proposition will be submitted to cancel
outstanding 4 1/2 per cent bonds and
replace these at a higher rate, and to
provide for a new city hall furnishing

WOMEN OF COUNTY TO FORM ORGANIZATION

Alameda county women are preparing
to make themselves felt in every public
issue in which they may be interested.
A "county central committee" has been
formed recently, of which Mrs. James
B. Hume of Berkeley is the head.

At a meeting of thirty women from
all parts of the county, at the Key Route
Inn, yesterday, a permanent organization
of the "Women's Political League of
Alameda County" was effected. The pur-
pose is to "unite women in the political
and civil service." There will be a
score of local branches with a central
committee, comprising the presidents of
each of the local organizations.

POLICE SURGEON DIES; PASSING WAS SUDDEN

SAN FRANCISCO, July 11.—Dr. Thomas
Mahoney, surgeon of the San Francisco
police department and one of San Fran-
cisco's prominent physicians, died just
before noon at his summer home at San-
salito. Dr. Mahoney was a man in mid-
dle life and is survived by his wife and
five children. He was a brother of At-
torney David I. Mahoney, formerly a
member of the board of police commis-
sioners.

Dr. Mahoney's death is very sudden. An
infarction of the ear developed on Tues-
day and is said to have been responsible
for his passing.

NOT STREET CARS, BUT REAL 'ROADS'

Electric Service Men Don't
Want to Be Classed Other
Than Railways' Employes.

SAN FRANCISCO, July 11.—That the
electric service of the Southern Pacific
shall not be classed as "street car ser-
vice" but remain on the same status as
steam service, as far as engineers and
train crews are concerned, was urged
at the meeting of the executive com-
mittee of the Order of Railway Con-
ductors which has been in session here
for several days. When the electric ser-
vice was started this matter was decided,
the company agreeing to transfer en-
gineers and regular conductors to the elec-
tric runs, or, rather, to leave the same
crews who operated the old steam trains
which were eliminated, with the same
standing. The arrival of Paul Shoup,

in charge of electric railway operations
of the Southern Pacific was rumored
to have meant that street car standing
would be put into effect. The men wish
to retain their seniority rank, and Presi-
dent Calvin declares that they have no
thing to fear on this score.

"Nothing to it," said Calvin. "A depu-
tation from the Order of Railway Con-
ductors conferred with me but it was
solely on a matter of seniority rights of
conductors on suburban lines. Conduc-
tors taken from the regular service for
the suburban service simply wished to
retain their seniority rank held previous
to the transfer. That was all there was
to it."

Mr. Calvin added that the only "street
car heads" in contemplation was in run-
ning suburban trains more frequently for
the benefit of suburban traffic.

ONE COMPLAINS OF HIGH ASSESSMENT

Although the assessment rolls for 1913
were turned over to the Board of Equal-
ization by Assessor C. F. Horner, last
Monday, there has been but one com-
plaint of high assessment heard by the

board. This morning in regular session,
the petition of R. R. Dunn, representing
Belle Nickell who owns property at San
Pablo avenue and Sycamore street, asked
that the assessment be lowered from
\$3,300 to \$7,500. After a hearing, the

petition was denied on a showing made
by Assessor Horner that other property in
the same vicinity had the higher valua-
tion. The board took a recess until next Mon-
day.

DR. T. P. TISDALE, AGED 83, DEPARTS FOR SPRINGS

Retired Physician Is Spry Despite His Advanced Years.

ALAMEDA, July 11.—Dr. and Mrs. T. P. Tisdale left Alameda yesterday for Parkersburg, Pa., for a stay of several months. Dr. Tisdale celebrated his 83rd birthday a few days ago. Despite his advanced age he is as spry and active as a man of 60 years. He is the father of Coroner Charles L. Tisdale and of Mrs. Edwin Pond James.

Up to a few years ago he had an active medical practice in this city. He is a member of the American Medical Association and the California Medical Association. He will not ride in a motor car, believing that taking such a chance would be tempting Providence. He is a consistent horse lover and must Alameda can readily recall the handsome couple taking the drive about Alameda until his retirement from the field of medicine caused him to dispose of his horses and vehicles.

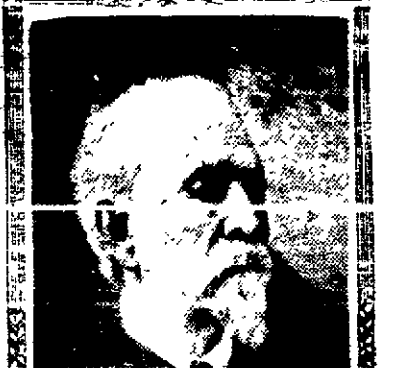

ALAMEDA PERSONALS

ALAMEDA, July 11.—Mrs. C. L. Tisdale and daughter, Ruth, leave next for the different place.

Mrs. Sedgwick Thompson, formerly a well known singer in the bay cities but now living in Eureka, is the guest of Mrs. Edna J. Jones. She is well known by her friends about the bay as Mrs. Sedgwick Thompson. She was a leading contralto of the San Francisco opera house and was one of the best of the San Francisco opera house. She was one of the best of the San Francisco opera house.

Miss Lucille Dennis will hostess a box party at the Ophium tomorrow afternoon in honor of Mrs. Allen T. Burr of Sacramento who is visiting friends in the different bay cities. Miss Dennis will have as her guests Mrs. Burr, Miss Margaret Hunter, Mrs. Bertrand L. York, Miss Olga Engle, Mrs. Frances M. Young, and Miss Doris Cameron.

Miss Persa Alexander of Fresno is the guest of her cousin, Miss Geneva Ellis.

MISS GOLDIE HULIN.

ALAMEDA, July 11.—The council committee meeting tonight will deal with a number of important matters. It is expected that the Morris resolution discharging City Attorney A. F. St. Sure will be adopted.

Whereas, The United States government will soon select the site for its principal naval station and drydock on the bay, and

FIANCEE IS HONORED PROGRAM RENDERED

ALAMEDA, July 11.—Friends of Mr. and Mrs. William G. Dandy learned this morning of the issuance of a marriage license to the couple in San Francisco yesterday. Inquiry revealed that the couple were re-married in the metropolis yesterday to comply with legal requirements in connection with a property deal. Mrs. Dandy has been twice married, her first husband being a man named Rogers, with whom she lived but a few months. A divorce was granted, and Mrs. Rogers, who assumed her maiden name, took place outside the State of California. Evidently the divorce law requirements in this State were not fully met before the second marriage of Mrs. Dandy took place. The couple have two children. They are living at 2401 Lincoln avenue.

COUPLE RE-WED AFTER 4 YEARS

ALAMEDA, July 11.—Re-organization of the Snell seminary faculty to make that institution one of the foremost among young women's schools on the coast is announced today by Miss Adelaide Smith, who has succeeded the late Mrs. Edna Snell as principal of the school. The school is to re-open in September for the fall term of five months.

NEW TEACHERS AT SNELL SEMINARY

ALAMEDA, July 11.—An imperative call from the Chinese government for Leslie Dobbin of Berkeley to come to China at once has caused a change in the wedding plans of Dobbin and his fiancée, Miss Natalia Potter of this city. The wedding day has been advanced and the nuptials will take place next Tuesday at San Antonio avenue.

CANNOT LIVE ON PAY U. C. GIVES

UNIVERSITY OF CALIFORNIA, July 11.—After three years' test Professor Paul Boeckner of the German department has decided finally that the \$75 a month the university pays him is not sufficient upon which to support himself and his family. He has withdrawn from his position. Even the additional income he received at athletic coaching and plastering was not sufficient, he declares, with his meager college stipend to cover his expenses of \$120 a month.

ALLEGED CHECK WORKER CAUGHT

Alameda Police Find Prisoner Is Patrick Farley, Posted In Rogues' Gallery.

ALAMEDA, July 10.—Patrick Farley, alias E. M. Brown, was arrested by Detective George Brown last night, after having attempted to pass a check on Duncan Bayne, proprietor of a grocery store at 1706 Lincoln avenue. The man has been identified as the one who on Wednesday evening passed worthless checks on the bay.

BERKELEY PERSONALS

BERKELEY, July 11.—At a simple ceremony last evening, Miss Mary Ada Pence, graduate of the University of California, became the bride of Lieutenant Louis K. Underhill, U. S. A. The ceremony was performed in the decorated drawing rooms of the Charles Pence home on 11th street.

E. O. TUTTLE TO BE DEPUTY ASSESSOR

A Pathetic Story Unearthed With Arrest of Girl Victim of Morphine.

Frantic from excessive use of morphine, Miss E. E. Shugart, arrested Sergeant James Walters this morning in the central police station of the city hall with a long hatpin, with which she succeeded in inflicting a deep wound in his left forearm. The woman had come to the station to swear out a warrant for her husband on

 with assault on a police officer.

With excessive use of drugs and the fact that he had the arrest of the young woman, a story of the struggle for many years on the part of her husband, Paul Slaughter, to get the best of the deadly drug habit and to bring freedom from that habit to his wife. His efforts have proved futile.

She contracted the drug habit some years ago after a long illness. Slaughter and her brother, Thomas Humphreys, had her given up at the Ocean Park. It was thought she had conquered the drug and Slaughter married her.

The old craving came back, untill she would do anything to obtain the drug. She has been in the role of a morphine case from Dr. W. W. Ker-

Alameda Man Reported to Be Slated for Place Vacated By Stoddard.

SALAMEDA, July 11.—Following news from Washington that the senate had confirmed the appointment of A. C. Stoddard as postmaster at Salem, it was stated as probable that he would leave the city by the noon train today. That day the city will be made deputy county assessor by Assessor Horner to fill the place made vacant by Stoddard's resignation.

Stoddard expects to assume charge of the postoffice on August 1, but will have to await the completion of his bonds and other details before leaving. He has been a deputy county assessor for years, serving two terms under Henry P. Dalton and the present term under Assessor Tuttle.

Tuttle was formerly in the real estate business here, but recently has been serving as county clerk and assessor during rush seasons in the city and county assessors' offices. He was formerly employed by the Pacific Mail steamer, running for years on the steamers of the Occidental and Oriental steamship company.

Postmaster T W Levedecker, will remain as assistant postmaster, holding his old position under recent civil service enactment. Hammond was made postmaster by the surety company on Levedecker's bond. Stoddard was postmaster under President Cleveland and is the only Democratic postmaster this city has.

Reidy Is Coming

Billy Fitz Says, Says he:

Q. UTE an interesting question, and one that is likely to "show up" the fallacy of the present system of "crediting victories" and "charging defeats," has followed the unofficial award of yesterday's game, by the writer, to Pitcher Jack Lively instead of to "Honorable Johnny" Williams. The writer is the official scorer of the Oakland Coast League ball park. He believes that he was thoroughly justified in crediting Lively with the victory even though Williams went out of

wards. Custom has decreed that when a pitcher is relieved with his team in the lead he gets credit for winning the game if his team mates keep ahead the balance of the game. However, should the score subsequently be tied, it is regarded that the relief pitcher thereupon starts with practically an even break again, and is responsible for the defeat or victory that ensues.

Williams pitched but fifteen balls to five batters yesterday afternoon and was walked the first man in the second inning on four wild throws and had fed the

Williams has been ill and it was apparent yesterday that the best was too much for him. Both he and Wolverton agreed apparently that he could not continue and with so much Lively was substituted. Lively was in a hole when he started with none down. To the writer's mind, Williams was responsible for both of those walks, since he certainly had walked the second man three-fourths of the way to first. Also Williams was responsible for the fact that the man he first walked scored that same inning.

Lively pitched for eight grueling innings while the Seals used three pitchers against him. The final score read 8-5 in favor of the Wolves, with not a single run scored by the Seals. Now, who gets credit for the victory? Technically, Williams is probably entitled to it, but by all the rules of common sense, Lively pitched the game and ought to have something to show for his work. Acting upon the theory that the official scorer is bound by no steadfast rule in this particular, but may use his judgment in the same way that he does in crediting hits or charging errors, the writer gave an unofficial award of the game to Lively and submitted the question to President Baum for an official ruling.

Baum has already announced his intention of changing the crediting system next year in line with the policy of the American league which keeps track of the runs and hits per pitcher of batters, for which each pitcher is responsible.

The game in Oakland yesterday gave the fans a close imitation of how it must feel to be an Eastern fan. Still a fair-weather fan, the writer was not sure until the last man had died. "Fribble Kilde" Day, saw another enthusiastic crowd of youngsters. Eight errors showed the effect of the heat upon the players, but it didn't prevent them from winning a quartet of "Killys."

It is back to the bushes for "Dutch" Lively, who has been released by the Seals. A bright future was predicted for this young scamp, but he hasn't shown anything so far.

Four straight defeats has taken much of the starch out of the Seals. It's a pretty good thing that some of the Seals fans, unconvinced to see their team so near the top, were becoming insufferable.

Venice blew up in the eighth inning yesterday, and Portland made 7 hits and 7 runs off Griffin, winning 8-0, and sliding into second place. Right now we are willing to predict that Portland, Sacramento and Oakland will be the first division bunch before the present month is up.

Luhman, the Texas League recruit, helped Jumbo Ables to take his second straight game in the South yesterday, by relieving him in the seventh and halting a threatening rally. Hedding and Gardner each got three hits. Guest fielded at short and played a steady game, his one hit scoring Zacher.

Mitze, when he turned loose three runs yesterday, served notice on the bunch that from now on the team would have to

Umpires Cost "Cyrus" His Job

"Cy" Parkin, who was released yesterday, together with Pitcher Howard Gregory and Catcher Joe Crisp, might have finished the season with the Seals had it not been for the umpires.

Parkin's value as a pitcher may not have been as high, but he was a side-line "card," and his humor and wit made him an asset for any club even if for nothing else except to keep up the spirits of his comrades. Unfortunately for the sport Coast League umpires this year got it into their heads that Parkin ought to be suppressed. The blue blouses began chucking Parkin off the bench and out of the coaching boxes for alleged offenses that were certainly harmless. Though the fans loved to see the "Major of Hudson" cutting up playfully on the side lines Cy's spirit was soon broken by heavy fines and curt dismissals. Sadly Cy found he could pull off no stunts and that his pitching arm was the only thing he could give his club. Parkin has not failed in this respect, either, though experience has shown him to be a spring pitcher, who is unreliable from this time of year on to the close.

It would not be surprising, though, if Happy Hogan should pick Parkin up at once. It would be too bad to see the big fellow drop into the rack.

Light like blazes or more heads would lead. President Leavitt was a spectator at the game. Mitze's ultimatum seemed to have the desired effect, for the Oaks took an uphill battle after getting off to a good start and being tied up.

A rumor spread amongst the fans yesterday that Bill Reidy was on his way here from the East to assume the managerial reins of the Oaks. There is little likelihood of such a report having a vestige of foundation. President Leavitt has expressed himself as satisfied that Mitze will yet pull the team up, and he contemplates no changes this year.

McCarl had a pretty good day. He was walked three, got a sacrifice fly and a safe hit. He accepted 25 chances without a bobbie. Spokans won both games of the double header.

After 14 consecutive victories, the Giants were finally forced to drink the same bitter dregs, the Cubs administering a 3 to 2 drubbing. Mathewson was the first Giant to fall, and his downfall was brought about by the erratic playing of Third Baseman Shafer, who made two miscues.

The New York Club will, according to announcement, unfurl its 1912 pennant next Tuesday.

Santa Barbara defeated Long Beach in the Southern California League 11 to 9. Santa Barbara got 21 hits and 4 errors, while Long Beach potted out 14 safe ones and made 6 errors. What's the use of paying to see this kind of playing when the kids can give you a better game on the sandlot.

Frank Chance's marriage succeeded in beating the White Sox in Chicago for the first time. It was up to Rollie Zeider, ex-Seal, to put over the winning run with a sacrifice fly.

Ashley Pope scored an 8 to 3 win over Stockton yesterday. It wasn't Ashley's effective pitching which did the trick, however, the Stocktonians kicking the ball all over the lot, totalling 6 miscues.

Ex-Seal Standridge, who is now on the Watsonville staff, scored a 6 to 4 win over Fresno. He was also fortunate in getting his victory, the Fresno boys piling up 4 errors.

"SOCKLESS" JOE HAS DEEP LAID PLAN

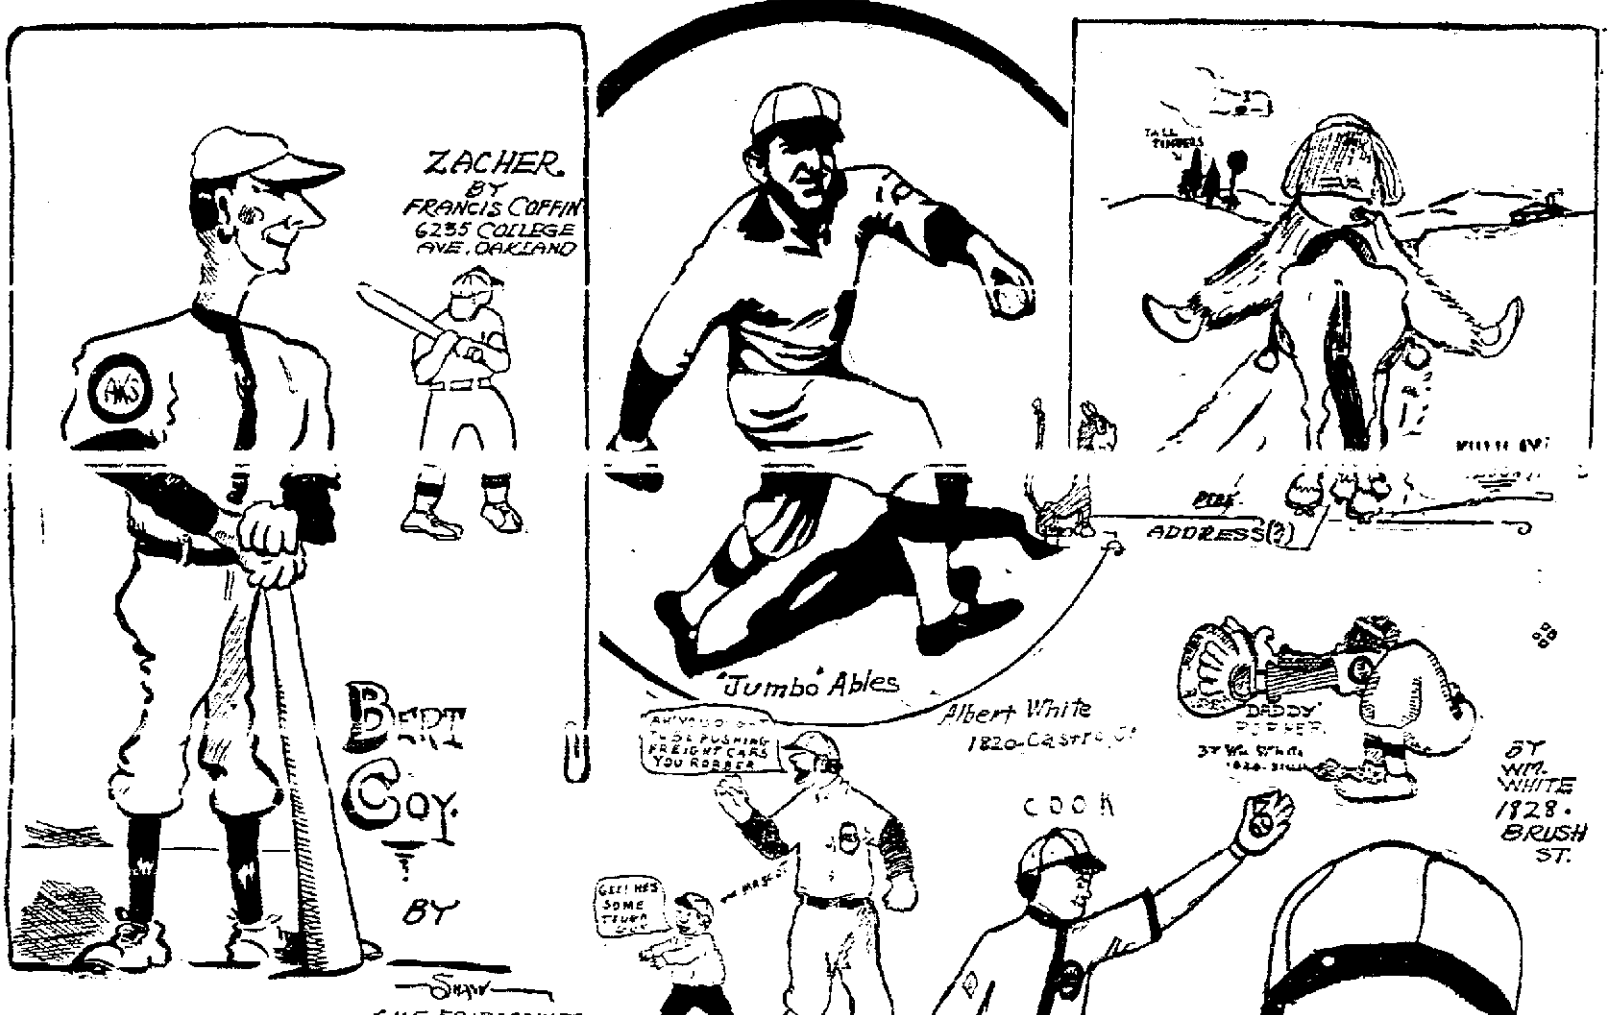

"Sockless Joe" Jackson of the Cleveland club is planning a stunt to throw the harpoon of ridicule into the pitchers and managers who haven't the nerve to give him a whack at the ball when he comes to bat with runners on second and third bases.

Joe is saving this for one of the early home games in Cleveland, when the manager directs the pitcher to pass him on purpose. The instrument of ridicule will be a catapult or a chair. As the quartet of pitchers for the intentional pass is begun Joe will signal the battery to hurl out from the bench with aloof indifference. Joe will then take his seat at the plate and watch the wide ones go by while the crowd jeers the opposing team. Or if that shames the opposing side into putting the ball over his fingers he can get to his feet and in position to hit. Of putting the mind even taking a walk at the ball while I am sitting for a while I could get a lot even that way off the pitchers who continually pass me in the pinches.

WHEN SWEDE MEETS SWEDE, GOODNIGHT!

It is a new step in the policy of this store and portrays most forcibly the powers of this establishment to give the public right in the heart of the season far more for the price paid than any retail establishment west of New York City.

AMATEUR BASEBALL

A good all-round semi-pro player desires a try-out either Saturday or Sunday with some team playing fast ball. Answer through the TRIBUNE Sporting Department, address F. A. L.

Parola outfielder for Court W. S. in the Foresters' League is considered the fastest gardener in the League.

Vin Brown according to reports from Eureka in the Humboldt league is playing a great game at short. Warren Brown is playing first for the club and park Wilson recently on the St. Mary's team is playing the outfield.

Joe Mahr, the sensational little third baseman of the Healdsburg league, leaves this week for Yreka, of the Redwood league to play third base.

Ferd Johnson who is pitching for the San Rafael team is winning his games regularly. Johnson is a southpaw but is noted for his great control which is lacking in most left handers.

Port McDowell has a great twirler in Barnes, a big right hander, who has more smoke on the ball than any pitcher around the bay. He also can hit, always batting third on the line up.

The Y. M. C. baseball team from Northridge, Cal., will be selected to battle for the lodge championship of the state with the best nine from Southern California will be chosen Sunday, when the team from Washington Council of Santa Barbara and Vallejo No. 23, winners of the 1912 honors.

The Piedmont Merchants will cross bats with the fast Olson & Mahoney team, Sunday at the Hotel and Broadway diamond. Game called at 2 P. M.

Manager Moon has built up his team this week and will give a good account of himself in the Merchants league of 1912.

Active baseball practice will be resumed by the Oakland Y. M. C. A. Saturday, when the players will be put through their paces at Freeman's park. The association has obtained a lease on the park and will play one or two games regularly. Seven teams have been formed, of the 90, 100, 120 and 150 pound divisions, together with the seniors, juniors, boys and police teams. With the beginning of school leagues will be started in each division and practice games will be held until that time.

An attempt is to be made at Surf Beach, Alameda, Sunday afternoon to break the American plunge for distance record which is held by F. B. Willis of Philadelphia with 59 feet.

The entries for the attempt will close with Secretary Herbert Houser of the Pacific association tomorrow. The affair has been sanctioned by the Pacific association and is open to any registered amateur swimmer.

A time limit of one minute is placed on the plunge.

All the local clubs have many high class plungers and some close contests are looked for.

GUTHRIE SUFFERING FROM "CHARLEY"

LOS ANGELES, July 11.—The ailment which caused the removal of Umpire Guthrie of the Pacific Coast League to a hospital was diagnosed as "Charley-horse," according to President Allan T. Baum today. President Baum is here on an official visit.

During Guthrie's absence, Spencer Abbott, manager of the San Diego Club of the Southern California League, will team with Umpire Bush. Abbott was formerly an umpire in the Western league.

Interest in the story that \$50,000 was represented on the table in a Newport poker game has been intensified by the later announcement that \$5.13 was cash.

ALLEGRO TO DIE

ALLEGRO TO DIE. MADRID, July 11.—Rafael Sanchez Almagro, who on April 12 attempted to assassinate King Alfonso in the streets of Madrid, has been sentenced to death. Almagro fired three shots at the king, but his majesty, by his quick escape, avoided the bullets, one of which struck his horse in the neck.

a school of higher education, but was consulted by many surgeons and educators.

TRUSTEES BEGIN WORK ON SCHEME

Men Who Are Looking Into F. M. Smith's Affairs Discuss Situation.

SAN FRANCISCO, July 11.—The trustees into whose hands the interests of F. M. Smith of Oakland have been entrusted, are busy at work endeavoring to finance a scheme providing for the satisfying of the creditors and the continuing of improvements planned. This morning an important meeting was held at the Bank of California and ways and means to bring about an extension of time for the refunding of \$2,500,000 in 6 per cent notes due on July 15, was discussed.

John S. Drumm declared today that the meeting of the minority stockholders held in Oakland was not in any sense a gathering of "kickers." This minority represented stockholders of the Oakland Traction company who had later accepted stock in the other properties.

Drumm explained, "I merely went over there to explain to them," said Mr. Drumm, "that if they did not come in with us on our scheme for the satisfying of the large creditors, they would lose everything. We are beginning to see light and are going on with our work as quickly and as expeditiously as possible."

The financing scheme entered into with local brokers consisted of raising by the sale of \$4,000,000 five year 6 per cent notes funds to pay off the \$2,500,000 note issue made to provide for construction required during recent months.

Shareholders of the Key Route and Oakland Traction company stock began to take action this afternoon in San Francisco toward forming a company of their own for the purpose of investigating the books of the two companies and see what they can find.

SUM RELEASED. The sum of \$320,000 was released to the Terminal railway by Judge Mogan yesterday in friendly proceedings against the Union Trust company. This money was derived from the sale of tide lands in the Key Route basin and was held by the Union Trust company under a trust agreement by which it was to be expended for improving the Key Route service.

Avoid Sedative Cough Medicines. If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, avoid sedative cough medicines containing cocaine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia is so fatal. Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative.

GANG FEUD ENDS LIFE OF 'MOSES THE STRONG ARM'

NEW YORK, July 11.—Four gangsters intercepted Maurice Reich, known to the police as "Moses the Strong Arm," on a crowded eastside corner late yesterday and shot him through the chest and back, ending his career on the spot.

A gang feud is believed to be the cause for the murder. After the shooting the assailants separated and fled. David Wolf and Jack Willis, the latter a 16-year-old bellboy, were later arrested, charged with being members of the gang which participated in the murder.

Another gangster, Peter McCabe, said to be a leader of the so-called Gopher gang, was shot and killed on Staten Island by a special policeman, Thomas Bannan.

SNELL SEMINARY IS PERPETUATED

Will of Educator Provides for Upbuilding of Institution.

Providing that the school founded at Berkeley, an institution of which she was the founder, be perpetuated, the will of the late Mary Snell Poulson, who died on July 1 at the age of 88 years, was filed for probate today in the superior court.

The entire estate is placed in trust, with Margaret C. Snell, a sister, of Corvallis, Ore., Richard A. Snell and Henry F. Snell, nephews, named as trustees.

It is provided that the school founded and conducted by Mrs. Poulson and her sisters, together with the income, profits from the estate be applied to the maintenance and upbuilding of the seminary. A portion of the estate which was bequeathed to Sarah Snell, sister of the deceased and assistant founder of the school, will now be divided, three-fourths to the trustees and one-fourth to Margaret and Sarah.

Haseltine, niece, as Miss Snell died last January.

The will was dated July 3, 1908, and carried a codicil dated October 15, 1915. In the codicil it was provided that a former bequest to Marietta Snell, a niece, be revoked for the reason that she "was well provided for."

ANOTHER TANGLE IN BUILDING INSPECTION

ALAMEDA, July 11.—The board of health today ordered Sanitary Inspector Eugene C. Mallott not to issue any building permits. The health board holds that while Mallott will be allowed to do the inspection part of the building bureau work, he will not be allowed to do the clerical work. The matter will probably be threshed out at the council meeting tonight. Building Inspector John Davies, deposed when his office was abolished, is still in charge of his office, and expects to serve out the present month, though the council majority believes Davies was thrown out when his office ceased to exist a few days ago.

AGED WOMAN DIES

BERKELEY, July 11.—Mrs. Mary S. Field, aunt of Mrs. R. L. Underhill of 2208 Vine street, died this forenoon after a brief illness at the Underhill home. She was 74 years of age, a native of Truxton, N. Y. For the past five years she had lived here with her niece or at Yachville with a nephew, B. E. Field. Another niece and nephew who survive her are Mrs. Frank K. Platt of Berkeley and F. B. McKevitt of Sacramento. Arrangements have yet to be made for the funeral.

OFFICERS ARE SEATED AT JOINT CEREMONY

At a joint installation ceremony, the officers of Oakland Council, No. 6, Young Men's Institute and Young Ladies' Institute, No. 15, were seated last evening by the deputy officials of both organizations in Pythian Castle, Twelfth and Allee streets. Throughout the services, the fraternal spirit prevailed and the rites of the order were carried out in perfect form.

conducted by those fraternities. After the officers were installed there was a musical and literary program. Addresses were delivered by Rev. Father Edward Maher, chaplain of the Institute; Rev. Father McElroy, chaplain of the Young Men's Council; and Father O'Brien. The program interested a large and appreciative audience, which filled the lodge rooms.
